

Produce Shelves Empty; Negotiations Continue

Fresh produce was back on the shelves of the Louis Stores yesterday after management settled its difficulties with labor.

Details of the settlement were not immediately available, however a store manager told The Sun "every one is back at work and we have plenty of fresh produce."

Negotiations between management and labor were still underway yesterday, however, for Safeway, Lucky and Mayfair stores. Unless an agreement was reached late in the day after The Sun went to press, shelves in these stores will be woefully empty of produce, ice cream, cheese and eggs today.

Milk and bread deliveries have not been effected thus far.

THE TEAMSTER strikes began September 14 when warehousemen pulled a surprise walk-out. Truckers of Local 70 followed on Saturday after a 154-5 membership vote called for the strike.

Officials of the AFL-CIO

Central Labor Council met yesterday with leaders of the striking Teamster Locals 853 and 70 as well as management negotiators and Federal Conciliator Oliver Goodwin to try to iron out the dispute.

The AFL-CIO moved into the picture Wednesday night in the face of growing shortages at about 200 supermarkets affect-

ed by the walkout and lay offs of food clerks and other AFL-CIO union members who are not involved in the strike.

Robert S. Ash, executive secretary of the labor council said, "We intervened because a crisis has developed. The Central Labor Council representing 150,000 AFL-CIO unionists in Alameda County, is con-

cerned about the welfare of its own people and the entire community."

BOTH STRIKES involve wages and fringe benefits. Employers have offered the same contract terms which were accepted recently by other Bay Area teamster locals and warehousemen belonging to the International Longshore-

men's and Warehousemen's Union.

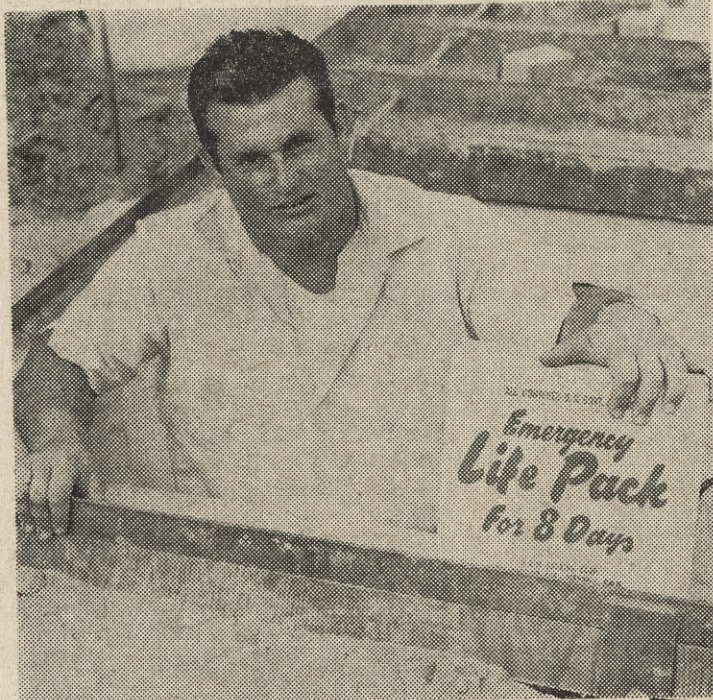

However, the two Alameda County teamster locals rejected this settlement.

Sam Axtell, United Employers negotiator for the struck firms stated that management has taken a strong position against going above the Bay Area warehouse settlement on

a three-year contract.

"Our wages and conditions in the East Bay were already above the area-wide pattern," Artell said.

INDEPENDENT markets have reported a booming business in fresh fruits and vegetables as supplies of these items become almost non-existent in the chain stores.

GOODBYE for now, says James Fries, as he descends into his home for two weeks, a spartan, underground chamber designed to save his life in an atomic war.

Life in a Bomb Shelter-- The Hammock Is Tricky

By ELEANORE MCKOY

Out and down four times! On the floor, not in the sleeping hammock, is where James Fries slept his first night in the 32-ton fallout shelter, his home for two weeks.

The second night went better. Although thrown twice, Jim climbed back and managed to remain aboard until morning.

The scene: Suncraft Engineering Company on North Main Street, Walnut Creek, where Jim has volunteered to be an atomic-age guinea pig.

HE WILL remain inside the blast shelter for two weeks.

The typical morning for him begins about 6 a.m. just as it did in the Hayward home of his parents.

His breakfast fare is a bit different, during his stay in the shelter breakfast will consist of one chocolate bar.

It isn't exactly a cinch getting down there. First a very heavy steel hatch cover must be moved. This allows you to descend via a narrow ladder.

ONCE AT the bottom you must wait for the person inside to unlock the inner door.

Hearing that heavy door close behind you brings home forcefully the realization you are now "sealed" into this 12' in diameter underground room.

Jim Fries is a large (250 pounds) young man (18 years).

He has a pleasant, easy and natural manner. He displays no tension or unrest at all . . . seems very content.

DR. FREDRICK Nesbit visits him each day and is watching carefully for any sign of either an emotional or physical change.

Jim said, "The days are OK but the nights aren't so good." He has hung some rather attractive curtains over the door. They

may be drawn, thus concealing the door.

"There is something about that door at night," he said.

THERE ARE few furnishings. "Horrible hammock, one chair, one table, two small scatter rugs and some exercising equipment. And, of course, a calendar each day dutifully marked off.

In addition—light and air intake, a concussion and vacuum control regulator, built-in water supply and a pump to remove water should any collect.

Asked what his parents thought about this experiment, he smiled. "I think they are glad I'm down here."

Before entering the shelter, Jim worked out a schedule to occupy him.

IT GOES like this: Up about 6 a.m. to wash, dress and have breakfast (breakfast?).

From 8 until 9 he plays solitaire. His hobby, making model cars, keeps him busy until 12. Next lunch—half a biscuit.

Then a two-hour nap.

Upon waking he reads for two hours, has dinner and so to bed. Dinner consists of a 3-ounce can of what looked like dog food.

THE LABEL, however, states it contains seedless raisins, peanuts, apples, dextrose, soy oil, hydrogenated shortening and vanilla extract. And salt!

He has so far kept to his schedule, the only interruption being the daily visit from Dr. Nesbit.

There was a small deviation today.

As an experiment Jim turned off his air pumping machine. The humidity when the equipment was turned off read 62 degrees.

TWO AND a half hours later when he turned it on again the humidity read 42 degrees. The average temperature incidentally in the shelter is 79½ and humidity 69½.

When asked what he did not have but would enjoy having he replied, "A TV set . . . and better room service—I had to wait all day for a hamster so I could hang my curtains!"

Glorietta Parents Will Conduct Tea

The Glorietta School Parents Club is planning a Welcome Tea

September 26 between 3:30 and 5 at the R. I. Copenhagen home, 9 Daryl Drive, Orinda, for all mothers.

Mrs. Peyton Jacob, Jr., chairman of the event, announced that John Clark, principal, the teachers and special service staff will be present.

Baby sitting will be provided at the school by Camp Fire Girls and their leaders.

Del Rey Parents Club Plans Picnic

The Del Rey Parents Club will hold its annual family picnic at the school playground September 24, at 1 p.m. All families of Del Rey pupils are cordially invited to attend.

Each family will bring its own lunch; beverages and ice cream will be provided by the parents club. Games and races will follow lunch.

Understanding a country's culture as well as its language is an important factor in the study of foreign languages, according to Senora Esther Johnson, foreign language coordinator for the Orinda Union School District.

Students from grades four through eight in Orinda, now studying Spanish, will have the benefit of Senora Johnson's trip to Puerto Rico last summer.

Senora Johnson was granted an NDA scholarship last spring and spent most of the summer studying at the University of Puerto Rico. Filled with enthusiasm, Senora Johnson has brought back many impressions, and a new knowledge and understanding of the people.

WOMEN ARE important in politics in this growing democracy," she said. "Senator Palmira Carea de Ibarra has devoted her life to education and has done much to bring education to the masses. She was most helpful to those of us studying at the university."

"The senator arranged for us to visit legislative sessions and also took us on tours of the schools," Senora Johnson continued. "Spanish is the national language, but English is taught in the schools, starting in the first grade."

"During the past 10 years, operation boot strap has created a strong middle class, with tremendous emphasis on education. They feel education for the masses will save the country," Senora Johnson related.

THOSE WHO study under the NDA scholarship program become a part of the people in whose country they study. The program is aimed at developing an understanding of the culture along with the language, as one word can have a fuller meaning when applied with understanding.

Senora Johnson lived in a home in Hato Rey with a native family. Hato Rey is a suburb of San Juan where the university is located.

"My room mate and I spoke only Spanish while we were in the home and it was a very helpful experience," Senora Johnson recalled.

"Everyone was wonderful to us," she continued. "They are eager to learn and eager to have us learn about them and really understand them. There

has been a tremendous change and growth during the past 10 years.

"People on the streets were well dressed in attractive clothes, we saw no beggars, and everywhere one sees and feels the surge toward education for all," she concluded.

SENORA JOHNSON said those with whom she came in contact in San Juan were thrilled to know that Spanish was being taught to all Orinda youngsters grades four through eight.

Most Orinda parents and children are equally happy and pleased with the language program, according to Senora Johnson. However, she said that some parents and children do not understand the method of audio-lingual teaching and have wondered why they have not seen papers, lists of vocabulary words and text books. The youngsters, particularly, wonder why they can't read the words instead of listening to them.

The audio-lingual method, as explained by Mrs. Johnson, is a sequencing of the four language skills from understanding to speaking, and only then to reading and writing.

"THUS THE students are asked to practice orally only those sentences which they have practiced orally to the point of fluent control and write only those sentences which they have completely mastered in terms of understanding, speaking and reading," she explained.

Senora Johnson continued, "We begin with choral practice by the entire class, then by various halves of the class, then by rows and only then by individual students. We form the habits of hearing and speaking before reading and writing."

"In the beginning this may seem harder than just reading, but in the long run it saves time. Habits are formed by practice, new speaking habits use different muscles."

SPANISH IS taught in Orinda schools on a sequence level and efforts are now underway to continue this sequence through high school and college.

Representatives of high schools and Diablo Valley College met Saturday with Senora Johnson and Orinda language teachers to explore methods

of teaching and to learn what is happening in Orinda. The group will continue to meet on a monthly basis to work on evaluation and establish standards, so that eventually the student may go from elementary to high school to college on a planned language sequence level program.

"Culture is synonymous with the ways of a people," Senora Johnson commented. "More often than not the ways of a people are praised by that same people while looked up

on with suspicion or disapproval by others, and often in both cases with surprisingly little understanding of what those ways really are and mean," she concluded.

STUDENTS MUST be given a reason for learning, according to Senora Johnson, and they must enjoy learning a language. With this in mind she has developed materials that can be used effectively in bringing the culture of a people to the classrooms as well as the language.

Included in the group was Herbert Waterman, one of 18 who signed a letter sent recently to District Attorney John Nejedly asking for an abatement of the noise.

Wilmarth told the group that the Briones project is the largest ever to be constructed in the area. He explained that 12 million yards of earth must be moved. At present there are 18 earth moving trucks working two shifts.

He explained that it was not practical to use more trucks to accomplish the noisy work in a shorter time, as only so many can work in the "borrowing pit" at one time.

WILMARTH gave no date, but he did say the earth moving trucks would be pulled off the job soon. He added that the large cats are also noisy, but the most complaints were about the big trucks.

At present the project is worked from 6 a.m. to midnight, with an hour between shifts to service the equipment. Wilmarth explained that to reduce the shifts would add considerably to the expense of the project.

Some residents seek to have the hours begin earlier in the morning and stop sooner at night. Others believe the oppo-

sition of the board, with the resignation of Doris Jellett. This came after the resignation of Doris Jellett, who became Mrs. Doris Schaub, and moved from the area.

Mufflers May Mute Briones Dam Noise

Language Program Really Lives!

Contractor Pledges Full Cooperation with People

Noise from the Briones Reservoir project may soon be muted, if an experiment with huge mufflers on the earth moving equipment proves successful.

Gardiner Johnson, attorney for the Atkinson Company, speaking Monday night at a meeting of the civic affairs committee of the Orinda Association, said three large mufflers were due to arrive today.

THESE WILL be placed on three of the 12-cylinder earth moving trucks. The resulting noise, or lack of it, will be scientifically tested with instruments and the results compared with noise emanating from the same number of trucks without mufflers.

If the mufflers prove successful, Johnson said mufflers will be ordered for every piece of earth moving equipment. However, he cautioned the group not to expect miracles, explaining that the engines cannot be muffled to any great degree, as this reduces their power.

Supervisor Mel Nielsen, who attended the meeting, added that the low rumble from muffled trucks might be as displeasing to some as the roar from those without the mufflers.

Johnson said that the contractors were willing to cooperate fully with area residents in an effort to lessen the noise, however they must have a consensus of what is most annoying and which method of lessening the disturbance is most desired.

HARRY FLEDDERMAN, chairman of the civic affairs committee, called the meeting Monday for a two-fold purpose. First, to permit the parties involved in construction of the \$14,000,000 dam which will contain 22 billion gallons of water to explain their problems.

Secondly, to determine if there was sufficient concern by a number of people for the Orinda Association to take action on the matter.

Representing the Briones project were George New, project engineer; Joe De Costa, chief engineer; Chuck Wilmarth, director of customer relations, East Bay Pure Water, and Bud Tanner, staff assistant to the director of customer relations and Johnson.

SUPERVISOR Mel Nielsen attended the meeting, as did Bruce Howard, president of the Orinda Association. Although there were not more than 20 residents present, they purportedly represented more than 1300 people who say they have been disturbed by the construction.

Included in the group was Herbert Waterman, one of 18 who signed a letter sent recently to District Attorney John Nejedly asking for an abatement of the noise.

September In The Rain, Almost

THERE WAS a lot of praying going on around town during last Saturday's ominous skies . . . for the usual Indian Summer weather produced a premature rainfall and for awhile it looked like it would NEVER stop.

It was the weekend for the annual Santa Maria Festival, most of which takes place outdoors . . . & also the day Tanagers would hostess their party on the William Brobeck's tennis courts, also out-of-doors.

We can't all be TOO wicked, for the rain DID stop, the sun came out warm & strong & everything turned out honky-dory, as we kids used to say.

THE ROAD to Santa Maria Church was a steady stream of boys in bunches, families w/babies in strollers, mothers w/cake boxes under their arms, fathers doling out dimes & dollars and Father Cardelli's german shepherd dog "Flan" wearing a shocking pink bow collar, trotting up & down & serving as a self-appointed reception committee.

Kay & Phil Reynolds hanging up the last lantern, arranging the potted plants at the arched entries . . . Marshall Moran enjoying his efforts as Co-Chrmn. . . ditto Guy Catterton who shared the two-day duties that took mos. of planning . . . Charles Banfield pushing his young son in a stroller.

Lad From France Is Miramonte Senior

Transition from a family of nine in Toulouse, France, to a family of four in Orinda has been full of new experiences for Jean-Michel Sicre, experiences which his American "mother" says he has taken in stride.

"Jean is so eager to learn," Mrs. Thomas Mann said, "and he has such a wonderful sense of humor that he is a joy to have around."

The young AFS student is living with Mr. and Mrs. Thomas Mann of 15 Dias Dorados and their sons, Perry and Tom. Jean is attending Miramonte High School as a senior, along with his "brother" Perry.

MRS. MANN said that Jean has completed secondary school in France and on his return to Toulouse plans to study engineering.

"This year at Miramonte he is studying public speaking, advanced math, third year English, senior problems and P.E. The P.E. is a new experience for Jean, because they do not have physical education in our public schools," Mrs. Mann related.

Christmas, so full of dolls & toy prizes . . . Jean Nikolai checking the desserts . . . Lois Heywood, Virginia Block serving w/a smile! The Harney Wilsons winning a salad bowl set.

The John Hellers down to San Jose State to help Sharon get settled . . . Dining out at The Old Poodle Dog, the John Gilbert family together w/the Rom Yedidias . . . Pete off to Claremont College this week. Bobbie Hamberg, who summered in Europe, pledging Pi Phi at Cal . . .

CHAMP STUFF . . . Despite his crutches, Randy Williams qualified for the Finals in the Jaycees-sponsored All-Orinda meet in every race he entered, after discarding crutches, of course.

Sighten: Walt & June Jameson playing a wild game of Badminton on the new court afrent their El Toyonal home (the former Hickok house). The badminton court painted onto the blacktop driveway & park space just fits. Not a tenth of an inch over, or under. That close!

Little Victoria Lynn & her mother Judy Lucas (Mrs. Gary) were holding court at the Canon Drive home of Vicky's grandparents, Ed & Evelyn Roberts this week . . . Beaming in the background? That's Young Auntie Kathy, of course!

A LETTER FROM SUMMER CAMP we can't afford to pass up at this late date: "Dear Mom . . . There are a lot of good athletes among the counselors up here. I know because they all have athlete's foot. So do I." That is all.

Orinda Assoc. To Nominate Directors Oct. 16

Nominations for the board of directors of the Orinda Association will be made at the association meeting October 16 in the Orinda School at 8 p.m.

Harry Fledderman, chairman of the association's civic affairs committee, made the announcement at the committee's meeting Monday night at the Orinda School.

He said the nominees would be heard at the November meeting with elections taking place the first of December.

Included in a review of association activities during the past few months were various zoning problems, the application of Duffel & Smoot to construct apartments on Camino Encinas, disposition of the association-owned property, and the "tax watch dogs."

Fledderman said a tour of the association property is planned for 10 a.m. tomorrow morning. Anyone interested in familiarizing themselves with the land is asked to meet Fledderman at the access road. He added that the land-subcommittee of the association would be reactivated to determine the community's needs and desires regarding use of the property.

The program for Monday evening was "The Dam Noise." (See separate story.)

Miss Anderson Will Study In France

Caryn Alice Anderson, daughter of Dr. and Mrs. Bruce Anderson of Orinda, is one of a group of 80 students who left yesterday for Stanford-in-France.

The Stanford campus in France is located in Tours on the banks of the Loire River.

Under the university's rotation plan, some 500 students from Stanford will study abroad each year without losing time in their progress toward an A.B. degree.

Regular tuition and room and board rates cover all but the return trip home or the students' personal vacations.

The groups going to the French and also to the Italian campuses represent the third term student bodies at the two campuses. They will remain through March, 1962.

RAISE A TOAST, to L. Jack Block of Orinda, general chairman of San Francisco's Africa Week which is today culminating activity with visiting dignitaries, ambassadors, consuls, UN representatives and business men.

Heading a citizens committee who gave birth to the idea as a people-to-people gesture, the SF stock broker (Stewart-Eubanks & Myerson firm) took a personal trip to Washington, D.C., to cement the plans for this project to help promote mutual understanding. His wife Yvonne, who shared some of this week's activities, described it as an "exhilarating and wonderful experience," but she couldn't keep up with her husband in the whirlwind schedule.

The Orinda man, a native bay area, lives on Meadow View Road; is the father of four youngsters, 7-year-old twins Ann and Joan, Roger 15, and 13-year-old Martin who keep Dad busy on the suburban side of the picture.

Tall, bespectacled and with a benign smile and genial manner, Jack was elected SF Young Man of the Year in 1958, one of the five YMOY for the State of California and lends his support and services to many philanthropic groups, Salvation Army, Heart Association to name a few. Since he is a Toastmaster himself, we turn the tables on him this time.

THE TANAGERS of Mt. Diablo Therapy Center served up a polynesian party on the tennis court of the William Brobeck's in Sleepy Hollow last Saturday night & it was a Smasher!

The single court took on the spacious aspects of the Elysian Fields with plenty of elbow room for conversational groups, dancing space & lo & behold, row upon row of tables at the far end for a sit-down affair for the hearty supper catered by the french Brussard's of Danville.

BECAUSE of a brisk breeze & a dipping temp, the coffee-maker worked overtime . . . So did Bert Wayne, husband of member Barbara, who when not winding wheels of tickets was unwinding them or busy at the mike serving as M.C.

TANAGER members identified by large hibiscus blooms tucked in their hair . . . Pat Dildine (whose music maestro Dick was busy elsewhere but supplied one of his musical combos for dancing) sporting a black cardigan sparkling w/brilliant . . . A lush red full-length angora coat for shopkeeper Charlene Hallenbeck who attended w/her husband John. They're expecting their fourth child.

Merle & Jack Saunders w/Gertrude & Gel Worth . . . Carl Dudley w/a natty new crew cut . . . A LONG SERVE for Peg Majka, Ruth Sawyer behind the long buffet table which was steaming w/hot dishes of beef stroganoff, rice & tasty trimmings.

The Sterling Smiths, she under a full-length fur . . . coats donned by the party gals as the night grew older & colder . . . Vangie Dickinson pointing w/pride to their new pool next door, visible through the tennis court's fence. It was still unfilled & unfinished due to the strike . . . Realtor Byron Nelson tying a straw skirt around his middle.

THE WES SMITHS working their way towards their table . . . Natalie & Bob Williams w/Hank & Marcie Zacharias who later evening won a wild-bird feeder & a bag of seed for same . . . Charlie Gibbs hunting Helen . . . Chris & Gloria Saribal.

Barron & Vera Bremer, she in a leopard jacket . . . A red hibiscus blooming from Ruth Fields' red hair . . . The Walt McCreadys & the Phil Freemans swapping partners in the middle of a dance . . . tall Anita Pearson.

KUDOS for Blossom Schmidt & her decoration committee who had to do the job all over again AFTER the rain let up . . . Tropical fish & flower paper cutouts studded the cyclone fence . . . The entire court outlined w/festive colored Christmas lights, a job well done by Eagle Scout Steve Cantrill, son of Cec & Gen Cantrill who attended the party.

MATCHED DOUBLES . . . George & Lynn Loshbaugh trying some tricky footwork mid-floor . . . Merlou Kelly awhirl . . . The Bill Starmkmans & Bill Leonards together . . . Bill Murdoch in a conversational huddle . . . Al & Elsie Harmon, Don & Virla Krotz dancing.

Bill Douglass in search of one white glove lost by Marge . . . The Ed Roberts being congratrated on their new Vicki Lynne granddaughter . . . The Con Smiths, George Eberhart helping to clear the floor for the doorprize & dance events.

Hostess Jane Brobeck warding off the chill in a white cape-skin coat . . . husband Bill flying in later evening from a business trip . . . The departing Dave Brays & Bruce Geernaerts leaving their lucky tickets w/the Andrew Hartanovs who later claimed for their friends two lucky prizes . . . The trip to Highlands Inn for the Gernaerts, an attractive bag for the Brays . . . & we mean the leather variety of purse, just in case you think we're feeling skittish on the keys today.

A PRE-midnight floor show w/some of the members putting on a regular Kukilau . . . Barbara Wayne and Jean Dudley not missing a beat in a rhythmic hula dance . . . Applause for all here.

The party ending on a musical note w/a community sing by about 75 stayers-late . . . The Jim Seamons, John Den Duls among those in the harmonizing crowd.

A VICTOR'S SMILE is flashed by Rick Ostrom as he stands with the team trophy following Walnut Creek's triumph in the Lafayette Youth Association-Sun Newspapers Community Swim Championship held at Acalanes last Sunday. And, Ostrom is as wet as he is happy. Members of his team had just given him the traditional winner's bath in the pool when the picture was taken. Dick Dobbins, coach of the runner-up LYA team, is at left, Sun Sports Editor George Colburn, who presented the trophy, stands to the right of Ostrom with LYA president George Sutton (far right).

THE CAMERA catches a young miss as she awaits the starting gun in one of the final events held Sunday during the community swimming championships at the Acalanes High School pool. In the background is part of the overflow crowd that jammed the spectator area at the pool for Sunday's final events. More than 400 swimmers from community pools throughout the area competed in the championship meet that was co-sponsored by the Lafayette Youth Association and the Sun Newspapers. Walnut Creek swimmers walked off with the team trophy, with the LYA finishing second and Orinda Park coming in third.

Reduce Power of Civil Service Commission?

The possibility of curtailing the powers of the Contra Costa Civil Service Commission will be investigated by a seven-member committee, appointed last week by the Board of Supervisors.

Their decision was made during a stormy joint session September 14, including representatives of three county employee unions, Personnel Director Eric Emery and County Administrator J. P. McBrien.

The meeting was called by the supervisors on request of the unions, which have accused the civil service commission and Emery's department of undermining the morale of the workers.

THEY HAD cited Emery's recent recommendations for reclassification of clerical employees.

They said that his recommendation that the persons with the title of senior clerk be given the title supervising clerk grade 1 prevents local application of a new state law giving a five percent raise to new municipal clerk clerks.

Emery commented that if such were allowed, the municipal court clerks would be making more than the superior court clerks.

The supervisors decided to withhold action until next Tuesday.

ATTORNEY Robert Condon, who said he represented "several county employees" then offered a resolution which would limit the authority of the commission.

The resolution would consolidate Emery's department into the office of the county administrator, allow appeals from commission decisions to go to the supervisors, and reduce the commission from a decision-making body to an advisory body.

Commission Chairman Arch Campbell angrily exclaimed that if this were done, he would resign the commission.

Supervisor Tom Coll suggested that a committee review the proposal and report at another joint meeting, November 7.

Ready-Mix Strike Now Has Picketing

Sporadic picketing was reported this week as the East Bay Teamster locals began their sixth week of a strike against ready-mix companies.

An offer was made by the Northern California Ready-Mix Concrete and Materials Association this week, but was rejected by a 4-to-1 ratio by members of Teamsters Local 70 and also was rejected by at least two other locals.

Joe Sawyer, business agent for Local 70 (Oakland), said that the majority of his local's members want to make their decisions by secret ballot at open meetings, rather than by a mail referendum requested by some members.

THE EMPLOYERS' association said its offer involved increases costing 71 cents per hour, including various adjustments of bottom dump drivers and wet mix loaders.

He said the proposal calls for a 37½-cent hourly wage increase for "all association employees" over a three-year period, and also health and welfare benefits, added vacation time, a ninth holiday, added pensions and a new five-day per year sick leave.

Sawyer commented that the offer is not as good as the employers claim.

Picketing has been conducted in San Francisco, and in one case the pickets were ignored by a San Francisco building material drivers' local and an operating engineers' local.

It was also reported that no progress is being made in negotiations between the Plasterers Local 112 and Hod Carriers Local 166 and the Plastering Contractors Association of Alameda and Contra Costa Counties.

McBrien added his office is continuing to study the various systems for supplying insurance.

Connors Not Renamed to Plan Board

The board of supervisors has voted unanimously to replace county planning commission chairman J. P. (Buck) Connors, a member since 1929.

Connors is 77, and although he has a Crockett address, he spends most of his time at his ranch in Calistoga, said supervisors.

Connors has been chairman since 1945.

New commissioner is J. P. Jennings, a retired Army colonel and resident of 900 El Rincon, Danville.

Taxpayers Elect New Officers

Edward Slagle of Danville was elected president of the Contra Costa County Taxpayers Association at an election Tuesday in the association's offices in Martinez.

Slagle succeeds Dr. L. E. Carbert who will remain on the board as immediate past president. Other officers elected are Ed J. J. McKeegan, realtor and former mayor of Richmond; and Ben Goldberger of Pittsburg.

Members of the executive committee are: Bruce Howard of Orinda, a former Taxpayer's Association president and current president of the Orinda Association; D. M. Teeter of El Cerrito, a retired county administrator; Gordon White of Alamo; Glen Loftus of Antioch; Carl Graddy, tax manager for Standard Oil in Richmond; Alan Johnston, a controller for C & H Sugar of Crockett and Harry Morrison, appointee secretary and executive director.

Those elected will take office October 1.

Moraga Trustees Ask for Postponement of Meeting

Moraga School District trustees have called for a postponement of the general meeting on public.

Reason for the delay request is the Moraga trustees want further time to study the report. The consulting group recommended complete unification of the Acalanes High School District with Moraga, Orinda, Walnut Creek and Canyon School Districts.

IN THE EVENT the unification meeting is held on schedule, the board instructed its representatives to vote "no" on unification if the vote is taken.

This vote at this time is a "delaying action" move on the part to ask the chairman of the August of the Moraga trustees until further study of the proposal is made.

The unification meeting is scheduled for next Wednesday at 8 p.m. in the Acalanes High board; the board also asked for School cafeteria.

Engineers Tour Briones Project

More than 100 members of the American Society of Civil Engineers, San Francisco section, toured the East Bay Municipal Utility District's Briones Dam project in Orinda Saturday.

Byron L. Nishkian, section president, said the engineers were guests of East Bay Water for the tour of the dam site. Afterward, they were luncheon guests of the contractor, Guy F. Atkinson Co. of South San Francisco.

Construction of Briones, a 270-foot earthen dam on Bear Creek, northwest of Orinda Village, was started in December 1960. The \$14-million dam will take two years to build. The resulting reservoir will cover 725 acres and hold 22 billion gallons of water.

Briones is one of the key projects in East Bay Water's \$283 million water development program. It will enable the utility district to maintain its 90-day emergency storage supply even if the East Bay's population doubles, as expected, in the next few decades.

Primary protection will be to East Bay Water's fast-growing "East of the Hills" service area: Orinda, Moraga, Lafayette, Walnut Creek, Pleasant Hill and San Ramon Valley.

Lunch Is on The Table...

Lunch menus for the Orinda School District for the week beginning September 25 through the 29 are as follows: Milk is served with all lunches.

Monday — Barbecue beef on buttered bun, buttered peas and peaches.

Tuesday — Chili beans, green salad, buttered corn bread and plums.

Wednesday — Barbecue lamb, parsley rice, green beans and carrot sticks.

Thursday — Hot tamale pie, green salad, Vienna bread and orange juice bar.

Friday — Grilled cheese sandwich, buttered peas and melon wedges.

Mika Wins \$1000 Scholarship

Thomas S. Mika, 20, of Orinda, has been awarded a \$1,000 senior-year scholarship to continue his studies in mineral engineering at Stanford University.

The scholarship, which makes Mika eligible to compete for a \$3,000-a-year fellowship, is sponsored by International Minerals & Chemical Corporation, the world's largest miner and processor of food producing minerals.

The IMC awards are made annually to 12 seniors majoring in agricultural or mining sciences. One student is chosen in each category by special faculty committees at 12 leading colleges.

Winners compete in their senior years for \$3,000-a-year, three-year fellowships, one in each category. Called the Louis Ware scholarship program, it honors IMC's board chairman who for 20 years was president of the company.

Mika, who was born in Chicago, Illinois, is the son of Thomas and Lillian Mika of 10 Meadow Park Court. His father is a chemist.

Mika's grade average for three years is 3.6 of a possible 4.0. He hopes to specialize in minerals processing graduate work.

Gloria Brown Paintings Are At Library

An exhibit of oils by Gloria Brown is currently being shown by the Orinda Art Center at the Orinda Library Gallery.

Gloria Brown is an Orinda artist and has won wide acclaim in the Bay Area. An abstractionist of great skill and present exhibit is a wonderful example of her use of color, according to Mrs. Wellington Ray.

This is the second time her work has been shown at the library in the past three years. Her first one-man show was in San Francisco at the Lucienne Labaudt Gallery in 1960, before this however, Father Cornelius at the St. Mary's College Gallery had asked the artist to exhibit there.

Her work is seen at most all the local shows both on this side of the bay and in San Francisco. Earlier this year she exhibited at the Bolles Gallery and the Gallery of Fine Arts in San Francisco. Her work is also exhibited at the rental gallery in the Oakland Museum, the San Francisco Museum of Art and at the Richmond Museum.

Art Classes Open Saturday

Open to all Orinda children, third through eighth grades, the children's art class sponsored by the Orinda Art Center will begin Saturday, from 9:30 a.m. to 11:30 a.m., in the all-purpose room of Glorietta School.

Instructor for this fall session will be Mrs. Joanne Fox, an Orinda resident for the past two years. Mrs. Fox has exhibited at the San Francisco Museum of Art, San Francisco Art Festival, Jack London Square and the Richmond Art Center.

ADAPTED to the individual child's age, the program is designed to offer additional art instruction and enrichment beyond the school classes, with special emphasis on the fine arts.

Students Await Fun Packed Weekend Frolics

By KITTY MIKA AND ANN LINCOLN

Now that school is here for good, the week days are spent anxiously awaiting for those blessed weekends, and Sunday nights are spent madly doing that homework you kept putting off.

Last Friday the Girl's League annual "Big and Little Sister Day" was held at Miramonte. Gobs of girls were packed on the Senior Lawn, and after lunch they were entertained in the gym.

Leslie Lee, accompanied by Becky Horne, sang "The Wayward Wind," Katrina Holland did a monologue, and the pom pon girls displayed their talents. It seems that some of the big and little sisters were fixed, such as Mimi Loomis and her little sister, Cheryl Lockland, and Linda Jones and her little sister, Linda Jones.

SENIOR GIRLS, and plenty of 'em were seen at "Gidget Goes Hawaiian," last Friday night. They all seemed to enjoy it, especially some of the "cute" things Jimmy Darren said.

Diane Moss had a party. Her date was Keith St. Clair. Bob Burkes and Nancy Casey, Bob Carpenter and Kathy Becocini, Hap Parks and Linda Tiefert were among those who had a general good time.

A gang of sophomore girls had quite a slumber party at Fran Obrecht's on Friday night. Nancy Shover, Kate Ellis, Terry Palmquist, Karen Nattress, Crissy Voll, and Kay Dunbar were among the girls who were awakened in the middle of the night by Donna Salet. It seems she didn't like the corner she was sleeping in and woke up screaming.

LAST SATURDAY and Sunday the annual Bar-b-que and carnival were held at Santa Maria. Quite a few Miramonte girls, and even some boys served tables or washed dishes. We hear that quite a few sore fets were the result of the work. Some of those suffering with the foot problem were Pat Finch, Estelle Cataline, Carol Mansonen, Joe Suardi, Carolyn Portello, and Diane Maddin.

Some teens who enjoyed a good dinner and managed to spend some money, too, were Jean Macri, Janice Fowler, Jay Angelo, Mike Shepherd, Don White, Dick Allen, Mike Chance and Georgia Glacey and Sue Brown and Tom Gaffaney.

Saturday night was a popular night for the movies and "The Pit and the Pendulum" seemed to be at the top of the list. Allison Hanford and Pete Parrish, Sherry Odenthal and Dwight Thompson, Carol Gilmore and Pat Gilmore and Judy Hopkins and Mike Rolley were some of the teens there.

SEEING "Ada" were Barbie Brush and Clint DeWitt, Bur-nace Thraikill and Gary Rose, Sue Mattress and Ron from Oakland. Bonnie Kent and Ron Jouthas, and Bonnie Henning and Brad Harlan were at "The Guns of Navaron," and according to both Bonnies it was "perfect."

The girls got together at Barbie Reynolds on Saturday night for a slumber party. As usual, not much slumbering was done. Sharon Nielsen, Linnet Trefts, and Wendy Wilcox managed to make enough noise to keep almost every girl awake.

Karen Stafford and Roxie Smith work up with toothpaste all over the faces — who could have done that? Carol Goldsmith and Betty Schoppe surprised every girl when they pulled out a tape recorder with a tape of all that had been said—blackmail anyone?

The Orinda girl's clubs are beginning to sponsor activities again. The Bobbies are selling refreshmentas at the Home Show

in Moraga, and Ailanthus is having a bottle dive this Saturday, since the one planned for last week was rained out.

MIRAMONTE played its first game with Pacifica today. Rumors have it that MHS has top billing in the league this year. Good news from Lafayette—Acalanes lost their game with Clayton Valley, 27-0.

Everyone be sure and come to the Get Acquainted Dance tonight, free with a student body card. Gordie Hetch and his band, who played for the Junior Prom, will provide the music.

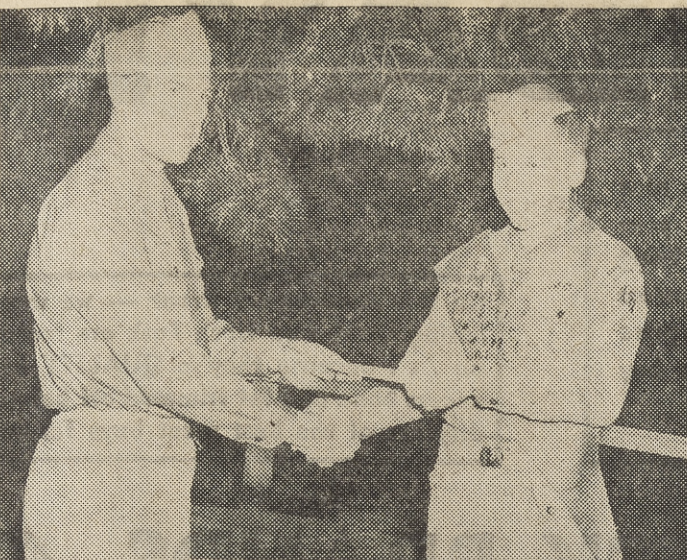

After the dance be sure and stop by La Val's where Dick and DeDe and the Untouchables will be singing up a storm from 8-12 p.m. Saturday night La Val's will have vocalist Ella Morgan and Benny Metzger and his 10-piece band.

Jim Parrish has arranged for Ricky Nelson to appear at La Val's early in November; he also has the Coasters scheduled for later in the year.

CASUALTY CORNER: It seems football practice is really taking its toll. Jay Grille sprained his wrist, and Steve Miller broke his hand when underneath a pile of players. Both Chris Felchin and Gary Holtwick are hobbling around school, Gary with a broken leg.

Skip Spaich, playing his own brand of football on the golf course, separated his shoulder when Bill Young jumped on him. Sally Wright is racing around school on her crutches—this one didn't happen playing football.

All of our best wishes got to Pete Lamb who is in the hospital recovering from an accident.

CEREMONIES Sunday at the First Presbyterian Church honored Richard Roos, left, who was presented the God and Country Award. Congratulating Roos, who is a member of an Orinda Boy Scout Troop, is Scout Master Ray Coleman. Roos is the son of Mr. and Mrs. James C. Roos of Hacienda Circle. Sun photo by Lee Taylor.

Youth Receives Scout Award

The Boy Scout God and Country award was presented to Richard Roos of 42 Hacienda Circle on Sunday during the morning worship service at the First Presbyterian Church in Oakland.

Richard, 14, is the son of Mr. and Mrs. James Carl Roos. The award was presented in recognition of his service and work in his church and troop. He is a member of Troop 207 and a freshman at Miramonte High School. While earning the award, Richard worked under Bill Gilmore, former scout master, Rev. Hugh David Burchman, Rev. Joseph Mathews and his present scout master, Ray Colman.

My Favorite RECIPE
BY *Nancy Black*

Hello Gourmets:
Ever try cherries Jubilee? It's most spectacular, invented by the great Escoffier in honor of Queen Victoria's Jubilee. Since then, it has remained a festive dessert, that, like Crepes Suzette, is a source of delight.

For no good reason, it is not commonly made at home, although the recipe is so simple that the most inexperienced cook cannot but succeed in making it.

This is just the thing for the man of the house to show off his skill and to satisfy his deeply rooted dream of glory as the Chef "master of the fire."

After a full meal, it is delicious, a light dessert and no trouble to prepare when you have the expected, or unexpected guests for dinner.

1 lb. can of Bing cherries, 2 tbsps. kirsch, 2 tbsps. arrowroot, dissolved in water.

Drain cherries. Reserve juice from can.

In chafing dish or skillet, heat juice. Bring to boil. Add arrowroot and continue boiling for a few seconds, until liquid thickens. Sprinkle with slightly warmed kirsch and ignite. Serve quickly. Serves four.

Did you say wine? It should be chilled champagne. Have fun! See you next week,

NANCY

Ceremony Launches New Scout Troop

Boy Scout Troop 57 of Orinda received its official charter at ceremonies witnessed by families and friends Monday night at Inland Valley School.

Sixteen boys were awarded the rank of tenderfoot to launch the new troop which has been in preparation for the investiture since June.

SPONSORED by St. Mark's Methodist Church, the troop will meet at 7 p.m. each Monday in the multi-purpose room at Inland Valley.

Donald R. Dunlop of 16 Snow Court, Orinda, is the scoutmaster, with John S. Roberts and Richard M. Bartle as assistant scoutmasters.

DONALD M. PREISS of Moraga heads the troop committee, assisted by T. B. Thomas, Al J. Canale, Stewart Madin, Owen F. Eide, Everett Dawson and John Campbell, all of Orinda.

Rich Finch of Berkeley will serve as senior patrol leader. Charter members of Troop 57 are Jim Bartle, Jim Campbell, Allen Canale, Rick Dawson, Bob Dunlop, David Eide, Randy Garay, Kent Madin, Dick Mallory, a second class scout, Eddie Patterson, Kirk Preiss, John Roberts, Al Stein, Jim Thomas, Andy Wolfe, Lee Young and Steve Young.

Numerous plans already have been made for the year, including a soft-drink bottle drive Saturday, a five-mile hike in October and a snow trip during the winter months.

GROUNDBREAKING ceremonies were held Tuesday for the Moraga Valley Terrace Club, 1199 Moraga Road. Pictured from left are Jack Gallagher of Gallagher & Burke Inc., grading contractor; John Daley of William & Burrows, Inc., general contractor; Robert M. Cummins, president, Moraga Valley Terrace Club and W. U. Barnes, general manager, Moraga Ranch for Utah Construction & Mining Company.

Trustees Reactivate Room Plans

Plans have been reactivated for construction of a multi-purpose room at Del Rey School by Orinda Union School District trustees.

The parents of the students at the school will decide whether a cafeteria should be included.

A poll will be taken of the parents asking whether they would like money spent on a cafeteria or a multi-purpose room.

Parents were concerned because a few bus stops eliminated in the areas of Via Farrallon, Loma Vista and Charles Hill Road caused walking hazards for the children.

COUNTY officials were contacted by the board about widening part of Via Farrallon, then re-establishing at least one bus stop there.

Some discussion about fallout shelters ensued after one parent asked the board what it was doing in this regard.

Although no action was taken, the board told the audience no funds were available for fallout shelters; if money were made available they would cooperate in such construction. Enrollment as of Monday in the district was 3405.

Democrats Join State Fund Drive

Orinda and Moraga Democrats will join the major statewide fund-raising effort, Dollars for Democrats.

Sid Davidson, 8 Westover Court, Orinda, has been named local chairman of the drive by Richard Bartle, president of the Orinda-Moraga Democratic Club.

Dollars for Democrats workers will contact all registered Democrats in Orinda and Moraga to ask contributions of \$1 or more. The area goal is 1000 individual contributors.

The statewide drive begins September 29. Individual contacts in Orinda and Moraga will start October 7.

Dale Newhouse Is With 7th Fleet

Serving aboard the attack transport USS Renville, operating with the Seventh Fleet in the Western Pacific is Dale I. Newhouse, U.S. Navy electronics technician third class, son of Dr. and Mrs. Glenn I. Newhouse of 155 Canon Drive, Orinda.

Youth Wakes Friend Who Goes Wild

Awakened by a friend, while he was asleep in a car parked in Orinda, a 19-year-old youth went berserk.

The youth was eventually subdued by two sheriff's deputies after he grabbed a gun from a deputy's holster and shot himself in the leg.

Under observation in the Contra Costa County Hospital in Martinez is Warren S. Leslie.

During the course of his spree he punched his fist through a windshield, punched his friend, sped off in his own car and sideswiped a second vehicle, ran off the road and fired two shots into the ground with a deputy's revolver.

HE AND HIS friend, Frank Soule, 19, of Pleasant Hill, were driving around Orinda in Soule's car September 16.

Leslie fell asleep and Soule drove him to his own car parked near an Orinda gas station. Soule tried to awaken Leslie so that he would get into his own car and go home.

Leslie woke up and started punching, then ran to his own car and sped off. At this point Soule flagged down a sheriff's car; they followed Leslie to the point where he had just sideswiped another vehicle and had crashed into a bank.

During the ensuing struggle, Leslie was subdued by officers Alex Sabo and Darwin Olson.

Groundbreaking ceremonies were held Tuesday for the Moraga Valley Terrace Club on the club's 25-acre site at 1199 Moraga Road.

Temporary club offices have been established at the site and applications for club memberships are now being accepted for approval by the membership committee, according to Robert M. Cummins, president and general manager.

Incorporated as a private country club, the club will not be open to the general public. The Terrace Club will provide extensive facilities for members and their guests, both indoors and outdoors, according to Cummins.

Moraga Lions Hear Talk on War College

Moraga Lions heard Jerry O'Shea, assistant district engineer of the state highway division, speak about his experiences while attending the National War College.

O'Shea spent two weeks during the summer attending the Washington, D.C., school. A commander in the Naval Reserve, he attended the school in that capacity.

The Lions, attending their bi-monthly dinner meeting in the Moraga Barn, thanked members Frank Gimbo and Art Fleuti for arranging the recent family picnic for the Lions and their families.

Jim Barcelona, president, announced the board of directors will meet for their monthly meeting September 28 at Gimbo's in Rheem Center.

AAUW's Workshop Planned

Final plans for a fall workshop for California State Division of AAUW were discussed September 14 at the home of reservations chairman, Mrs. Harold E. Mutnick, 755 Glenside Drive, Lafayette.

Also present were conference chairmen Mrs. D. S. Metcalf of Concord Branch and Mrs. A. H. Albright of Concord and Antioch Branch; Mesdames K. C. Ruppenthal, Orinda; Barker Shirley, Antioch; H. J. Townley, Concord; Robert Griffin, Martinez; Franklin Lloyd, Jr., Pleasant Hill; John Geiger, Walnut Creek; Elliott Hartman, Walnut Creek, and Norman Watson, Pleasant Hill.

The workshop sessions will be held tonight at the Concord Inn and tomorrow at Diablo Valley College.

Visitor Wins a Wobbie Wabbit

During a visit to her grandmother, Mrs. Rudolph Monson of 70 Sleepy Hollow Lane, Orinda, Gail Page, 5, of Arcata, also visited Children's Fairyland in Oakland.

While there, young Gail won a Wobbie the Wabbit, who is a character in the puppet show, "Puss in Boots," which delighted youngsters during the summer months.

Swedish AFS 'Daughter' Joins Orinda Family

From Alingsas, Sweden, 17-year-old blonde Elisabeth Davidson has arrived at the Shepard Jones residence in Orinda.

An AFS student, Elisabeth will have two adopted sisters, the daughters of Mr. and Mrs. Shepard Jones, Linda, 17 and Wendy, 20.

Elisabeth is now attending Miramonte High School, where she is taking certain required subjects in addition to clothing, French, public speaking.

SHE ALREADY has studied French, German, English, Latin.

In Sweden, a five-year "high school" program is instituted. A regular slate of studies includes seven subjects each semester.

In order to qualify for higher education as we know it here on the junior college and college or university level, a test is administered in the eighth grade.

Students who demonstrate potential may go on to the "high school" and then the university.

Elisabeth has two sisters and one brother; she is the oldest. Her father, although a lawyer by profession, has become owner and manager of the family textile mill in Alingsas.

THE DAVIDSON family, Inger and Bertil and the four children, are a close-knit family as are the Jones, Elisabeth's "host parents," and their daughters.

Shepard Jones operates his own real estate financing business. He and his wife, Dorothy, applied early last spring to be "host parents."

Their youngest daughter thought it would be a good idea

to have an exchange student. Several friends of the Jones family had been "host parents" in previous years.

In late July the Jones received notice Elisabeth would be coming. She had been traveling in France before her departure to the United States and Orinda.

IN PRIOR years she had spent two summers studying in England.

The American foods aren't strange to Elisabeth, who, according to Mrs. Jones, immediately became a part of the family.

Having never seen an American football game, she looks excitedly forward to the Miramonte game tonight.

Another change of pace has been the daily shuffle of going from class to class in the high school schedule.

In Sweden, the teachers change classes.

Elisabeth hopes to teach after she finishes college. Her favorite subjects are gymnastics and languages.

WHEN SHE returns to Sweden at the end of June next summer, she will study two more years at her "high school." She receives no credit for courses taken here.

During the year, Elisabeth hopes to follow her main interest: sports, including tennis, skiing, sailing and gymnastics.

Somewhat of a novelty still for Elisabeth is riding to the village or to school in an automobile. In Elisabeth's hometown bicycles are the mode of transportation on short jaunts and to school.

Del Rey Club Named Officers

The first board meeting of the Del Rey Parents Club was held at the home of the president, Sidney H. Smyth, Jr., last week.

The annual family picnic September 24, was planned as the first general meeting of the parents club for the 1967-68 season.

In lieu of a formal meeting in October the parents of the pupils in each class will meet in small groups early in the month in order to get better acquainted with the teacher and with each other.

IN ADDITION to Smyth, the executive board includes Mrs. Chester O'Konski, vice-president; Clyde Spinks, treasurer; Mr. and Mrs. F. B. Cavalli, recording secretaries; Mrs. Lloyd MacDonald, corresponding secretary.

Appointive officers on the Del Rey Parents Club board are Mrs. David Liu, room mother chairman; Mrs. Herbert Young, membership; Mr. and Mrs. John Anderson, ways and means; Mrs. Robert Hill, newsletter; Mrs. Kenneth Doty, publicity; Mr. and Mrs. Harold Gunn, school board representatives; Stephen Shutt, civic affairs representative; Mrs. Lee Schwarz, health and safety; Mrs. Joseph Longacre, Jr., parliamentarian; Mrs. Herbert LaVigne, bridge; Mrs. Alfred Hopp, library.

Park Commission Recites Policy

The acquisition of land for parks, rather than park development itself, will be the main concern of the county park and recreation commission, the board of supervisors was told last week.

The commission's formal policy statement was submitted to the board.

To get the land for parks, the county should take long term leases for large parcels or accept gifts of territory, the commissioners said.

The land picked should be of the nature that large areas will benefit from its development, they said.

Come on out! It's Walnut Festival Time Again!

DOWN, DOWN, DOWN, drops Capt. Jimmy Jamison, all the way from his 110-foot tower into a barrel of flaming water. He will do this six times during the Festival.

REMEMBER? This is what the Walnut Festival midway looks like. Good times await. There are more shows, more booths and more people are expected this year!

THE WHEELERS are a lively crew, specializing in comedy, vocals, and an assortment of instruments including the vibraphone, xylophone, bongos, tom toms, claves, cymbals, drums, and the rest.

Siren to Announce Parade

The 24th annual Walnut Festival grand parade will begin with the wailing of the siren of the Central Fire Protection District in downtown Walnut Creek Sunday at 1 p.m.

There will be 100 units of blaring bands, high stepping majorettes, floats, precision drill teams, plus comedy and novelty units.

William Martin, parade committee chairman, said this year's line of march already matches the successful 1960 presentation.

A review of entries shows 10 marching bands, including all area high school aggregations and the debut performance of the new Del Valle High School band.

Already ticketed as a sure highlight of the parade is the appearance of the nationally famed motorcycle drill team of the Oakland Police Department. The novel drill team, famed for its intricate maneuvers on wheels, will be in the lead of the parade.

Recent special performances of the team have been given wide publicity on television and in the press.

Local, county, state and federal dignitaries will head the parade, and then occupy the main reviewing stand at the corner of Bonanza and North Main Streets.

Dozens of trophies and cash awards await judges' decisions in the several categories of competition, and will be presented at the outdoor stage on the festival grounds at 4 p.m.

Working with Martin are William Smikahl, assistant chairman; Bill Frost, horse division chairman, and the Walnut Creek Optimist Club.

Booths Aplenty At Festival

Some two dozen area organizations have made plans for the operation of food and fun booths on the midway of the Walnut Festival.

Proceeds are earmarked for favorite charities and charitable agencies.

A typical example is the Alpha Lambda Chapter of Omega Nu sorority, which has a hamburger booth for the sixth consecutive year.

In the past five years of festival activity, this chapter has benefited area charities in the amount of almost \$4000.

Recipients include agencies for the mentally retarded, blind children's camp, YMCA, John Muir Hospital fund, and city recreation department.

Bonanza Is Planned

The third annual show of the Contra Costa Mineral and Gem Society will be held in the Walnut Creek Recreation Center building tomorrow and Sunday, with five dozen cases of exhibits on public display.

The show will include entries from "rockhound" clubs in Antioch, Benicia, Castro Valley, Berkeley, Oakland, Napa and San Francisco.

Ted Schroder Grand Marshal Of Big Parade

John T. Schroder, Walnut Creek businessman, has been selected as grand marshal of the 24th annual Walnut Festival parade, to be held Sunday afternoon.

William Martin, parade chairman, noted this is in recognition of Schroder's 28 years of service to the community and area.

This year's grand marshal was named Walnut Creek's "Man of the Year" in 1957.

Schroder, a local businessman since 1933, is the senior fire commissioner for the Central Fire District with 27 years service as a volunteer and commissioner.

He is a past president of the Walnut Creek Lions Club, past president of the Contra Costa County Association of Insurance Agents, past master of the Masonic Lodge and past commander of the local American Legion Post.

Active in the Walnut Festival Association for 24 years, Schroder is a past director, treasurer for many years, and a past president of the festival.

He is the proud holder of a gold lifetime pass to the annual celebration, the only person to be so honored.

A member of the Walnut Creek Elks Lodge, he has also been active in the Mt. Diablo Red Cross Chapter, and is a director of the Mt. Diablo Therapy Center.

Affectionately known as "John T." or "Ted," the parade grand marshal and his wife, Julia, are the parents of two sons, John T. III, Robert L., and there are three grandchildren.

Queen Rites Tonight

Coronation of the Walnut Festival queen will be held tonight at 9 on the outdoor stage of the Walnut Creek city park.

The judging was held last night, but the announcement of the winner among six contestants will not be known until tonight.

Bill McLaughlin, queen committee chairman, said the royal event will take place even if it rains, since it will be moved into the recreation center building.

The contestants are as follows: Glenda Anne Beishline, Pat Doty, Carol Felting, Susan Holifield, Michelle Laverty and Diana Lee Neilsen.

30 Chess Games at One Time

Chess master George Koltanowski will play simultaneously 30 boards, against area enthusiasts, Sunday, during the Walnut Festival.

The competition will be held from 5 to 7 p.m. in the city park. Sponsors are members of the Walnut Creek Chess Club, which made arrangements for those who wished to play against Koltanowski.

Unicyclers To Preform At Festival

The Diablo Valley Unicycle Club, newly organized last month, will perform in the Walnut Festival Parade, September 24.

The club is composed of 14 members ranging in age from five to 16 years of age. All the young people have had at least one year's riding experience and some more than three years.

Dick Rickon, a resident of Walnut Creek, is the club's adult drill master. Dick recently received local recognition as an unicycling commuter. As a result of this he was a winner of a free helicopter ride in the "Most Unusual Commuter" contest, sponsored by The Walnut Creek Sun.

THE YOUNGSTERS have performed drill maneuvers and specialty acts in parades and in an exhibition at the Sacramento State Fair this year.

The acts include: Jim and Jeff Hilliard in primary maneuvers taught to beginning drill members; Rick Rickon, the adult drill master and Jane Barrett on trick bicycle and unicycle; the Barrett Sisters, Jane, Becky and Kathy, in their original Mexican hat dance.

Also, Barbara Clause and John Hilliard in an Indian dance; Dick Rickon and Shelley Stevens in a balancing act; John Hilliard demonstrates difficult solo maneuvers, riding backward with one foot, spinning, etc.; Dick Rickon clowning on trick bike; John Hilliard setting a table; Barbara Clause with baton and hula hoop.

And, Dick Rickon and John Fitch in "Long and the Short of It"; John Hilliard, Paula Ecker, Don Norgarden, Debbie Let and Jim Hilliard in "Five-on-a-Bike"; and Dick Rickon, Kathy Barrett and Barbara Clause in "Three-on-a-Bike."

The Diablo Valley Unicycle Club welcomes invitations to perform their drills and specialties for the public. For further information please write to Diablo Valley Unicycle Club, P.O. Box 1123, Concord.

Puppetry For Kids

"Mr. Punch," the grand old man of puppetry, will be on hand to entertain crowds at the Walnut Festival tomorrow at 1 p.m. and again at 3 p.m.

Traditionally a carnival character, Mr. Punch has delighted generations of Europeans and pioneer Americans wherever groups have gathered to celebrate.

The Berkeley Puppeteers will present a new Punch adventure—"Mr. Punch and the Pirates"—as well as their traditional "Punch and Judy" for the festival.

Autos to Join Competition

The festival schedule includes a Concourse D'Elegance, sponsored by the Diablo Sports Car Team.

The concourse will be held Sunday on Civic Field, between the Recreation Center Building and National Guard Armory. Judges will award prizes in the competition based on beauty, attractiveness and care given to the automobile.

Total Unification Is Best for Our Children

You, as a parent, resident and taxpayer of Central Contra Costa County may have become bored with the continual discussion of unification of the elementary school districts and the Acalanes High School District.

It is a complicated affair, and it is far from being resolved. But it is probably one of the most important issues in the area, because it affects the education of your children and, possibly, the taxes you pay.

And you know full well that schools take the biggest bite out of your tax dollar.

A RECOMMENDATION has been made by the Stanford Research Group—Odell and Associates—that the entire Acalanes High School Districts and the elementary districts within its boundaries—Canyon, Moraga, Orinda, Lafayette and Walnut Creek—unify into one school district rather than the separate districts they now are.

Some \$9000 and many hundreds of hours of conference and study lie behind this recommendation, and it is a sound one.

As you probably know, trustees from the various school districts will meet at Acalanes High School next Wednesday to plan a course of action.

Maybe you should be there too.

Unfortunately, there are many courses of action available . . . total unification, which has been labeled "horizontal," or partial unification,

which has been termed "vertical." This latter would permit the unification of one or more of the elementary districts, such as Walnut Creek and Lafayette, with a portion of the Acalanes High School District.

WE DO NOT BELIEVE that this would be in the best interests of the education of our children.

We urgently recommend that school trustees iron out their differences and agree on total unification. The Sun has not always been convinced that this is the proper course. We have withheld comment until facts have become available.

But now one of the foremost research groups in the country has presented its recommendations, and the reasons for them, and they point to only one satisfactory conclusion.

That is total unification of the district.

WE FEEL SO strongly about this that we are convinced that we would be better off to maintain the status quo than to split up the district into a group of unified districts.

Basically, however, this is your problem. Your problem as a parent and taxpayer.

The Sun will present the facts and the reports, as they develop, but only you can make the final decision.

Study the matter thoroughly and make sure that your decision, when it is made, is the right one.

We Like It Here . . . Any Way You Slice It It's Still Baloney

By MARIE MONAHAN

THE BANE of my existence is the brown paper lunch bag, an item I've coped with more times than I care to count.

This is the article most left behind on the breakfast table. Or at the school bus stop. Or mixed up with another lunch in the coat room.

If I ever attempted to count the lunches I've put up, it would be useless. All I'd see would be a gastronomic length of baloney stretched from here to Siberia. . .

OR MYSELF swimming as I slowly sank in a quick-sand of that toasted & slowly-roasted crunchy stuff that puts a sizeable dent in my food dollars.

Yes, putting UP lunches gets me DOWN. There just isn't ANY right time to do it.

DICING up deviled egg for one moppet's preferred protein leaves me hanging over the sink with a feeling of morning sickness.

Toasting the tuna as I salt, season & spike it with lemon juice, adding the mayonnaise, is enough to curdle the cream in my coffee. Mayonnaise is simply not a morning taste.

WHEN all I want is my bowl of corn crispies, I'm barraged instead with strange requests to "Please make me a peanut butter with pickles on pumpernickel!"

That is going one too much. The peanut butter HAS GOT to go!

The trouble is that none of my children has the same food tastes.

BY THE TIME three individual lunches are prepared, my little kitchen looks like an assembly line for a smorgasbord supper.

If the children would develop a taste for cheese, especially Danish variety, that would change my whole attitude toward the lunch bag. But adding catsup to a meatloaf sandwich or messing mustard on a slice of rye is just not my morning cup of tea.

Now don't suggest I do it late at night before retiring.

The mornings may be a madhouse, but those evenings are all mine own & not to be blighted by the makings of a bologna sandwich.

Long ago I gave up the homey little touches like carrot curls, celery sticks & packs of raisins. While searching through six school garbage cans for my son's lost dental retainer (price, \$20.00, each time lost) I learned a lot about children's noontime preferences & carrot curls, celery sticks & raisins are not among them.

There was enough to feed a French army among the remnants relegated to the trash cans.

Twice a week the children have their lunch at school & sometimes I get greenly jealous of the cafeteria cook.

The kids like ANYTHING she gives them & there's none of this peanut butter & pickles on pumpernickel business either. They come home & report bite by bite on their school-bought lunch.

They are trifling with my affection. Fairly biting the hand that feeds them.

The next day it's back to the lunch bag again. Fresh-baked cookies, fruit . . . & SANDWICHES WITH A PERSONAL TOUCH—FULL OF BALONEY!!!

Suburbia Today

"My wife says she enjoyed herself, too!"

Men who tend to disparage the ability of women better stop reading right now. We don't want to be responsible for bringing on apoplexy, heart attacks or acute indignation to any man.

But, we have to say in fairness to women, today's so-called housewife puts in longer hours, under pressure, with a need for both technical, economic and educational ability than many of our men.

As a news editor I am daily aware of the fine accomplishments of our women's clubs, PTA's, and allied organizations.

WHEN A problem of ethics within civic groups, a crusade to scrutinize taxes, a battle to insist on proper zoning is brought to The Sun, very frequently the writer or visitor is a woman.

True, she may be representing her husband who has to commute points afar, but she comes equipped with accurate facts and a good understanding of the problem. She is a trusted emissary, not chief cook and bottle washer.

We salute the women of central Contra Costa who have proven they are fine wives, mothers and Triple A citizens. The salute comes at this time, because for all mothers of school age children, for all women involved in civic affairs and club activities, September means the beginning of a new year.

SEPTEMBER means the end of long golden summer days for some, for others, of long days when patience, ingenuity, and loving care 'round the clock with a big dosage of understanding were daily fare.

Loving care and understanding continue with our women, even with the end of summer. Added to it are hours of extra-family service, help with homework, participation in community affairs.

Our grandmothers had a hard row to hoe, but hoe it they did with physical drudgery. Women today are freed of physical drudgery, but the responsibilities of being a good citizen.

Letters to The Editor

FLOOD CONTROL

Dear Editor:

Some weeks ago you gave editorial support to the proposed bond issue to raise local funds for flood control projects in this area. Unfortunately, I did not keep your editorial so I cannot be specific in some of my points.

However, it seems important that the history of this project be kept in mind—and some of the inequitable results that will follow from this bond issue.

This bond issue has been defeated in the past. One of the major arguments has always been—look at the bargain. If the local people will just vote a couple of million dollars of property taxes then we will give them (from their federal income tax, state income tax, sales tax, admission taxes, excise taxes, estate taxes, gift taxes, etc.)—Free for Nothing—\$10,000,000 or \$15,000,000.

HAVING defeated the bonds in the past we now find, as a result of a study by the U.S. Corps of Engineers, that evidently the Federal and State governments didn't offer us Free for Nothing enough of our own tax money to induce us to pay a couple of million dollars in property taxes. Therefore, they propose a bigger bargain—now they will give us Free for Nothing double the amount of our money that they offered us last time.

Obviously if this bond issue fails, the matter will be restudied. They will then conclude that one of two things should be done (both of which recognize that when \$10 to \$1 and \$20 to \$1 offers are not enough to overwhelm good judgment): a) they will come up with a plan involving double the Free for Nothing Money with the same local contribution; or b) they will cut in half the local contribution required.

It will be difficult to convince the man on the mountain top that he has gotten any "indirect" benefit. If people have invested money in buildings on land subject to flooding the responsibility should not be placed on the mountain top dweller—but on the county planning commission which permits buildings to be built on land that will flood.

Second, there is the fallacy that "in proportion to assessed value" is a fair basis to allocate the cost of the "direct and indirect" benefits. The proponents will forget to mention that a level acre of land in an area subject to flooding will be assessed at a much lower value (because people will normally pay less for flood basin land) than will be a level

acre of land above flood level.

IF WE ASSUME that the ratio is 4 to 1—we are merely saying that the owner of non-flood land is paying four times as much because theoretically he gets four times the benefit. By the time kids get in the fourth grade they catch on to enough for the arithmetic of Free for Nothing money and flood control.

Now let us look at the question of how, if any bonds are passed, the property owner will be required to pay for them.

THE PROPONENTS will argue for "the fair way"—in proportion to assessed values (this falls on deaf ears to the recently "re-assessed" areas). It just happens that there are three fallacies with this argument.

First—and greatest—is the fallacy there is benefit to everyone on a broad general basis because there is flood control. There will be parallels drawn to providing schools, police protection, fire department, etc. "heads I win, tails you lose."

Finally, there is the fallacy that "in proportion to assessed value" is the only way to spread the cost. Improvement districts have developed many techniques for spreading the cost "according to the benefit to the property." Flood control is much more like benefits obtained under improvement

district action (sewers, water supply, sidewalks, street lighting, roads).

In an adjoining county—Napa—a flood control project cost was to be spread (I don't recall whether or not it passed) on a zone basis with the properties in the flood basin paying a much higher cost per dollar of assessment than did the property on a mountain top.

AND JUST before everyone votes I suggest that they take a ride out to areas like Pacheco. Notice the hundreds of acres of level open land—without a single subdivision. This is land that floods. Remember the Pacheco Speedway—and the Tribune pictures of the top of the bleachers standing in an ocean of water.

This land is worth \$2,000 to \$3,000 an acre today—and if used industrially the developer must bring in thousands of yards of earth to raise the floor of buildings above flood level. But if the flood control project is built—this land will be worth \$10,000 an acre. Much flood land is owned in 100, 200, 300 or more acre units.

Just say to yourself "Do I want to give this owner \$1,000,000? \$2,000,000? And let him pay his share based on the assessed value of agricultural land subject to periodic floods?"

School Problems? What Is Big Cause Of Student Failure?

By LYLE OSMON
Academic Associates

(Note: The following article is the first in a weekly series devoted to the problems encountered by school children and parents in the process of elementary and secondary education. The column is written by Lyle Osmon of Academic Associates.)

WHAT IS THE BIGGEST, SINGLE CAUSE OF STUDENT FAILURES?

ANSWER Though this may appear to be an imponderable claim stupidity, only one was anywhere being truthful. The question, it really isn't. For every 100 students I've heard real, major cause is laziness and don't consume time trying to find many others.

There aren't many parents who haven't witnessed on off-spring investing more time into the getting out of doing that which may be distasteful than the time it would take to get the undesired task completed. So it is oftentimes with school work.

This doesn't nor shouldn't suggest that some older students have created so many learning voids through earlier mistakes that they should now be having and are having difficulties. These cases are tantamount to suggesting that one try to climb to the roof of the house with the seven middle rungs of the ladder missing. It's not a simple task at point, but it does become simpler when the rungs are replaced.

Just a Safe Walkway For Our Children . . .

How do your youngsters get to school?

Do they just walk to the corner and take a school bus, or do they walk half a mile or so?

If they walk, are you concerned about the narrow, frequently very dangerous roads, which they travel?

Are you concerned because many of the roads—most of them, in fact—do not have sidewalks or even bare areas beside the road where the children can walk in safety?

MANY PEOPLE are, and some have done something about it. But when it has been done, it was purely the result of voluntary action on the part of parents and homeowners.

Right now the Contra Costa County Board of Supervisors is studying this problem. A special committee composed of Supervisors Tom Coll and Edmund Linscheid, plus members of the county public works department, are planning a meeting with County Superintendent of Schools Floyd Marchus.

The supervisors are to be congratulated for attempting to find a solution to the problem, but frankly, we doubt that they will come up with one.

To be effective, they would have to pass a law requiring each homeowner to either pay for, or install himself, a sidewalk or walkway on the part of his property which fronts on the road.

NO SUPERVISOR would be about to suggest such a law.

It seems highly unlikely that such a program could succeed if it were presented on a purely voluntary basis.

Consider your own neighborhood and estimate the chances.

One other way the matter could be accomplished . . . especially in some of the more dangerous areas . . . would be for the county to create special local improvement districts, put in sidewalks . . . or even gravel walkways . . . and then assess the property to pay the bill.

WHATEVER the ultimate answer to the solution, we must all remain aware that there are literally hundreds of small children walking beside our roadways each day.

And as drivers, it is up to us to exert just that much more caution.

At least until the children have a safe place to walk.

Letters to The Editor

BEAR CREEK

Dear Editor:

It is rather fitting that you incorporated in your September issue of The Sun an editorial entitled "Let's Discuss Some Mutual Newspaper Problems."

You see, I have been a subscriber of The Sun ever since I moved to Orinda in 1953. And I have been either a subscriber, or a reader, of every newspaper in Alameda or Contra Costa County that has had anything to do with news or "propaganda" concerning our county.

My observations had pretty well convinced me of the following:

1. That newspapers in general are not really concerned with the facts—only the presentation of a story exactly as given to them, or in such a manner that it will "sell" the most copies of the paper.
2. That the large west Contra Costa newspaper "rides with the tide"—taking great pains to offend no one, and to fight for nothing.
3. That The Sun, although fighting a tendency to overblow its own horn, was the best hope for all Central Contra Costans, to have a voice in Contra Costa public affairs.

IT WAS WITH a great deal of disappointment, therefore, that I read your article on the front page of the September 8 issue—of a County Public Works director propaganda release entitled—"Bear Creek Road Road Decision Due February 1st."

Your news release, couched in familiar Public Works Department lingo, attempts to define the problem confronting the board of supervisors on February 1, and successfully creates a pre-conceived impression which is periodically unloaded on the uninformed public—namely, that

a few local residents want the county to spend over a million-and-a-half dollars in county money just to satisfy their local interests and desires.

FOR THE past year-and-a-half a few of us in this area have been dedicated to one thing—the enlightenment of the citizens of this county to the Bear Creek road replacement "farce," and the under-the-counter pressures generated by certain political groups to build a highway of questionable value for 20 years, and one that does not meet the logical needs of future county development.

Also, during the past year-and-a-half, I have noticed that the taxpayer screams about taxes but almost never does anything about it—I now notice further that the one newspaper I had faith in does not really try to enlighten the taxpayer on such controversial and questionable programs as the Bear Creek Road replacement proposal.

SPECIFICALLY—in your September 8 issue—you do not attempt to enlighten the public by stating that the need for a Bear Creek replacement highway is doubtful—you do not indicate that the future county highway system should be given more basic consideration—you do not state that Route "C" follows an existing "cowtrail," wandering almost anywhere but which still offers an expedient replacement route in practically its present condition—you do not state a highway on the west side of the new Briones reservoir (Route "C") has never been given more than routine consideration simply because EBMUD does not want it there!

YOU STATE everything the way the proponents want it stated—and your article questions nothing—in other words,

you give it the proper slant so that all the casual uniformed readers will rise up in indignation and shout—please, we must build a \$4,098,000 highway (of questionable need) and save the county \$1,600,000 (a highly fictional figure).

Your approach and presentation of this Bear Creek highway re-location proposal creates grave doubts in my mind that The Sun is the newspaper I thought it was—is it really the newspaper it preaches it wants to be?

Perhaps it only serves to promote the disquieting truth—that everyone professes they believe in democracy, but no one has the time or energy to really do anything about it.

WILLIAM D. LEONARD

(Ed. Note: We have run more information—both articles and editorials on the Bear Creek Road situation than any newspaper in either Contra Costa or Alameda Counties. The Sun has been the only newspaper to explore this complicated problem over a continuous period of time, and it will continue to do so.)

OUR KIDS

Dear Editor:

I like your column of last Friday on the subject "Do We Practice What We Preach to Our Kids?"

This has nettled me for some time. What about parents who permit, even urge, their youngsters after twelve years of age to "get by" on children's prices at the movie theaters?

They act as though it's smart! But what does this do to the child? Chances are he will be cheating on even bigger things later on.

Rains Force John Muir Benefit to Club Shelter

A hasty conference on Saturday with the weatherman and the Diablo Country Club, and the long-planned "Evening Under the Stars" hospital benefit was transferred from the Gordon H. Ball estate in Danville to the country club.

The rains fell in steady drizzle, thoroughly dampened everything but the spirits of the women of the John Muir Memorial Hospital Auxiliary, who sailed into the task of switching the gala from its outdoor setting to the indoor one.

The story of how approximately 800 guests were telephoned between noon and 4 p.m. Saturday, and advised of the change of locale, is one

that will be reviewed with mixed sighing and chuckling among Muir guild members.

Del Courtney's combo played on the terrace; guests enjoyed cocktails and buffet in the main room, and a show of "fabulous fashions" by Joseph Magnin was promenade.

Auxiliary president Mrs. Harold C. Bates praised the concentrated co-operation of Muir members that enabled an eleventh-hour catastrophe to blossom into an outstanding success.

Miss Sally Frost of Walnut Creek and Mrs. J. L. Davidson of Pleasant Hill won a mink stole and a weekend in Carmel Valley, respectively.

Septembers 30 promises to be a big day for the romper set with the East Bay Council of Chapters' Annual Carnival-Bazaar at the northern California headquarters of Children's Home Society, 3200 Telegraph, in Oakland.

While the open house and bazaar are directed to appeal to grown-ups, the carnival is designed for the delight of children of all ages with dance recitals, games, music, refreshments and TV's Capt. Satellite.

Under the chairmanship of Mrs. Earl Morgensen, Rocking Horse members will man make-believe fish ponds for aspiring Isaac Waltons.

Prizes obtained by the Cecil Dillings on their recent trip to the Far East will be awarded to the young anglers trying their luck with magnet fishing poles. Hours are 10-4, and parking will be provided.

Later in the year, following fund raising bridge events in the fall, the chapter will end '61 with a Sugar Bowl Christmas party to invigorate its members for the task of collecting and preparing merchandise for its spring of '62 Rummage Sale.

Since its founding in 1891, Children's Home Society of California has endeavored to promote and maintain sound, happy adoptions. It is to this end that the members of Rocking Horse Chapter look forward.

It's Lucky 13 for Club

Once a year Diablo Country Club chooses a September date to celebrate the club's anniversary and to honor its past and present directors.

September 23 has been announced as the date of this year's thirteenth formal affair, according to Mr. and Mrs. Bailey Justice of Diablo, the club's entertainment heads.

Mr. and Mrs. Arthur Brunchhorst of Oakland, general chairmen of the event, have decided to throw out superstition of the thirteenth year, and build the entire motif of

the evening around "Lucky 13."

Color decor will be green, white and gold with emphasis on four-leaf clovers. Assisting the Brunchhorsts will be Mr. and Mrs. Robert Foley of Alamo, Mr. and Mrs. Gilbert Kufahl of Oakland, Mr. and Mrs. Howard Crandall of Lafayette, Mr. and Mrs. Frazier Howard of Danville and Mr. and Mrs. Earl Cannon of Diablo.

Highlight of the evening is the traditional cutting of the many-tiered anniversary cake by the wife of the president, Mrs. William K. Houston of Orinda, who, with Houston,

serves the first pieces to the current board of directors.

Additional ceremony this year will be a special honorary award presented to Lawrence Curtola of Diablo, founder of the present Diablo Country Club.

Dancing will be to the music of Henry Gallagher's Orchestra, and will be programmed by numbers. Ladies and gentlemen will each keep their small gold and white dance programs.

Attendance to the party is for members only, the only affair of the year which is restrictive to guests.

Danville Club Women Set Sale

Members of the Danville Women's Club have been busy foraging in closet and cupboard, cellar and attic, getting ready for their popular annual rummage sale which will be held September 29 and 30 in the Veteran's Building on Hartz Avenue, Danville.

Skydiver to Hit Lo-Ray

Spectators at LoRay's Center, Walnut Creek, will see a human being fall two miles and land on the grocery store's rooftop next Friday and Saturday, September 23.

Parachutist Kaz Ostrom, former U.S. Army paratrooper, will bail out over Walnut Creek at 7 p.m. next Friday and again at 3 p.m. the following day.

During the eternity of free fall, he will use smoke bombs for easier detection of his position, and will execute various maneuvers while aiming for the store's roof.

The free fall will carry him groundward at up to 250 miles per hour.

Ostrom has perfected his methods of landing in a small designated area, although bailing out from great heights.

Ostrom, a Berkeley resident, is six feet three inches tall and weighs 195 pounds.

He is a designer with Ostrom, Johnson, Cavendish Associates, Berkeley.

He completed "jump school" at Ft. Benning, Georgia, in 1957, and the U.S. Army Jumpmaster School at Ft. Bragg, North Carolina, in 1959.

He served for three years with airborne "special forces," which is the Army's new guerrilla organization.

DVC Kicks Off Football Season Tomorrow Night

Diablo Valley College opens its 1961 football season tomorrow night in Pleasant Hill against sister school, Contra Costa College of Richmond. Kickoff time is 8 p.m. at the Pleasant Hill High School field. In last year's first meeting between the two schools, the heavily favored Comets defeated the Vikings, 14-6. Coach Sam DeVito has 12 lettermen back from last year's team that was 4-5 overall and 4-3 in Coast Conference play. TWENTY freshmen were included among the 46 candidates that turned out for practice earlier this month. Included in this year's freshman crop are Fullback Tom Brown, Mt. Diablo's outstanding fullback of last season and Quarterback Tom Strain of Acalanes. Brown was an All-Northern California first team selection and was a starter on the North squad that defeated the South, 7-2, in the annual Shrine Football classic in Los Angeles this summer. Returning lettermen include Wally Busch, Walnut Creek; Jim Hinde, Pleasant Hill; Steve White, Walnut Creek; Clark Harris, Walnut Creek; Mike Mayne, Pleasant Hill. HARRIS and Mayne are both backs with Harris being a probable starter tomorrow night. Busch is a tackle and is listed as a starter for the opening game. Hinde and White are guards. Hinde is a likely starter against the Comets. BROWN and Strain will be in the starting backfield along with Pete Demos of Danville and Harris. Doug Inman of Lafayette and John Rodger will start at ends. John Reschert, a tackle from Acalanes, is considered another top frosh candidate. This is DeVito's third year at the helm of the Viking footballers. He succeeded Jack Danilovich in 1959. He's working on a string of three straight victories as the 1961 Vikings open the season tomorrow.

Airport Golf Course to Be Ready by Late Winter

Supervisors Mel Nielsen and Tom Coll alternated on the business end of a spade Monday as work started on a \$100,000 golf course which will occupy 50 acres of farm land on the southern end of the Contra Costa County Airport. Nielsen is chairman and Coll a member of the board's airport committee. The project, being constructed by Dan Peacock and Y. C. "Chet" Soda of Orinda under a 20-year lease with option to renew, will yield the county \$300 a month plus three per cent of the course's revenues. Peacock said a driving range will be open for business late this fall and the golf course itself will be completed in late winter, depending upon the weather. The course is nine holes, 34 par with 2,700 yards of fairway and greens.

Local JV Teams Open Grid Season With 3 Games

By ROGER JERNIGAN

The Las Lomas Junior Varsity football team defeated the Pleasant Hill J.V. team, 21-0, last Friday, in the season opener for both teams. Las Lomas' John Phillips recovered a Ram fumble in the first quarter and a few minutes later halfback John Peterson put the Knights in the scoring column with a 16-yard run off-tackle. Pleasant Hill was forced to punt in the second quarter and Las Lomas marched 55 yards behind the quarterbacking of Mike McGinnis to its second touchdown. The score came when John Allen roared through the middle of the Ram defense for 34 yards. Jim Roessler pushed across both conversions in the first half and Las Lomas led 14-0. In the third quarter the Rams again failed to penetrate the Knights defense and Las Lomas scores its final touchdown on a 25-yard pass from McGinnis to Roessler. Both teams failed to score in the fourth quarter. Las Lomas' secret of success was its defense which never allowed a Ram past the 30-yard line. In another inter-league struggle, Clayton Valley nipped Acalanes, 12-6, with all the scoring confined to the second quarter. Clayton Valley jumped out in front 6-0 early in the quarter, but the Junior Dons quickly retaliated with a touchdown of their own. The six points were picked up by end Bob Siefker on a pass from quarterback Bob Strain. The play covered four yards. Just before the end of the half the Eagles went out in front to stay on a 25-yard pass play. In another junior varsity game, San Ramon ripped Livermore, 20-0.

THE BIG PLAY—This is the start of the play that enabled Las Lomas to maintain its 7-6 advantage over Pleasant Hill last Friday night. Late in the fourth quarter, on a third down play from the Las Lomas four, Ram Fullback Tom Foster (with ball) slammed into the line, was hit and fumbled into the end zone with Las Lomas recovering. Notice Dan Cotlow's (48) left hand on the ball as Larry Reardon (41) comes in to help out. Arrow shows the goal line. Sun photo by Bob Rush.

Thunderbirds Win 27-0; Play at Vallejo Sunday

The La Morinda Thunderbirds displayed an impregnable defense as they scored an easy, 27-0, win over the Martinez Mustangs Sunday afternoon at the Miramonte High School field. It was the second straight win for the Thunderbirds who scored only one victory in eight games last year. They had opened with a 20-13 triumph over Lodi in a non-league game two weeks ago. Sunday's contest was the first of six East Bay Pop Warner League games. This Sunday the Thunderbirds travel to Vallejo for a 1:30 game at Corbus Field. They return home next week against Pittsburg. Their opponent this week, lost to Pittsburg, 12-0, in a game last Sunday. In another league contest, Oakland beat Livermore, 25-13, while West Contra Costa had a bye. **HALFBACK** Bill Davies was the big offensive show for the Thunderbirds. He scored two touchdowns and two extra points. End Tom Gloy opened the scoring for the locals when he grabbed a perfect pass from quarterback Bill Cunningham with the second quarter two minutes old. The play covered 14 yards and was the first pass thrown by Cunningham in the game. With time running out in the first half, the Thunderbirds scored again. To save time the Thunderbirds did not huddle and Davies carried the ball up the middle time after time before finally scoring from six yards out. Less than a minute remained on the scoreboard clock when he plunged over for his second extra point of the half to make the score 14-0. MARTINEZ had one scoring threat in the half when the Thunderbirds fumbled deep in their own territory early in the game. An interception on the first play nullified that threat, however. For the rest of the half, and the game, Martinez was badly abused by the Thunderbirds' defensive team. The Thunderbirds wasted no time driving for another score after the second half started. After a poor Martinez punt that was run back to the 12 yard line, Davies carried the ball three straight times, and scored his second TD of the afternoon on a one yard plunge. Cunningham rolled out and hit Gloy for the extra point to make the score, 21-0. WITH less than a minute left in the quarter, Roger Montalbano scored the Thunderbirds' fourth touchdown on a 12-yard sweep around right end. He set up the TD with a 35-yard romp on a reverse. Linebacker Pat Haley picked off a pass to set up the first score of the game.

Want to Help Handicapped Swimmers?

Greater Mt. Diablo Chapter, American Red Cross, will interview interested high school boys and girls for training as water safety aides to assist the handicapped program at St. Mary's College Pool. Persons interested should be of Red Cross swimmer ability. The interview and first of two three-hour training sessions will be held at St. Mary's College Pool tomorrow at 9 a.m. This program runs each year from September until the following May on a volunteer basis. Last year some 60 boys and girls from Orinda, Livermore, Oakland, Walnut Creek and other surrounding communities made this the unique program that it is.

San Ramon Ties Livermore with Last Minute TD

San Ramon, winless in eight 1960 games, scored in the last 21 seconds to gain a 7-7 tie with Livermore last Friday at Danville. Quarterback Jim Geldermann hit end Rick Aboud with a pass to give San Ramon its touchdown as time was running out. The play covered 19 yards. Chris (Kit) Carson then kicked the all-important extra point to tie the game. All the scoring was confined to the final four minutes. Livermore apparently had wrapped up the rugged defensive struggle when they drove 70 yards for a score. Ray Armstrong went over from the two and Joe Serpa added the extra point. The Wolves got the following kickoff on the 40 and eight plays later they had a touchdown. Fullback Bruce Townsend and Mike Nivelaz picked up most of the yardage for the Wolves in their touchdown drive. The payoff pitch from Geldermann to Aboud was a short screen pass that Aboud grabbed in the clear on the 15. Earlier, San Ramon had the best scoring chance of the game when they recovered a fumble on the 25, in the opening quarter, but the drive stalled on the five. Otherwise, neither team could penetrate the other's 25-yard line. For San Ramon and Coach Fred Houston the tie was a moral victory. Livermore, traditionally a strong East Bay team, was picked to win easily over the Wolves.

All Boys, 6 to 10, Are Eligible for Competition

An opportunity for all area boys aged six through 10 to compete in a football punting, passing and place-kicking contest, with trips to National Football League games among the prizes, was announced this week by Dan Cowherd of the Lafayette Ford. Any boy living in the Orinda, Moraga, Lafayette, Walnut Creek area is eligible to sign up for this contest. The local competition is part of a nationwide program sponsored by Ford Division of Ford Motor Company in cooperation with the National Football League. Known as "P.P.&K."—Punt, Pass and Kick—the competition will culminate with all-expense trips by five national winners and their fathers to the National Football League Championship game, and an official reception at the White House. Selection of the National Champions will be made as a result of televised competitions at a home game of each of the 14 National Football League teams. BOYS may register at Lafayette Ford Sales, 3683 Mt. Diablo Boulevard until October 10. There is no cost, but entrants must be accompanied by a parent or guardian. Each entrant will receive a P.P.&K. badge, an instruction book written by NFL stars Johnny Unitas, Yale Lary and Paul Hornung, and an official 1961 AFL Guidebook. The actual competition will start at 10 a.m. on October 14 at Acalanes High School. In the competition boys will be judged on the distance and accuracy of their passing, punting and place-kicking. The boys will be divided into five age groups and prizes will be awarded to the top three in each group. The boys will receive one point for each foot the ball travels in the air and minus one point for each foot the ball lands to the right or left of the center line. EACH boy will be competing against others in his age group. Boys who have reached their sixth birthday by August 28, 1961, but have not reached their eleventh birthday by November 26, 1961, are eligible for the contest. After the local competition is held, the scores of the most skillful punters, passers and place-kickers—one in each age group—will be compared with the scores of boys in other competitions held in the area covered by telecasts of the San Francisco 49ers. The top five boys in this region and their fathers then will be given an all-expense trip to see a home game of the 49ers. The boys will punt, pass and kick at the stadium either just before the game starts, or during half-time. The five top age group winners in the local contest, whether or not they qualify for the national eliminations, will receive National Football League type football uniforms. The five boys who place second will receive warm-up jackets, and third place winners will receive footballs. SCORES of competitors in the 14 NFL regions will be compared to determine the five National Champions. Special arrangements will be made to playoff all ties both regionally and nationally. Cowherd said the P.P.&K. competition had been developed by Ford Division and the NFL to give every boy a chance to take part in football competition, and to encourage physical fitness. He pointed out that early development of physical conditioning on the part of the nation's youth is one of the prime objectives of the President's Council on Youth Fitness. The council, he added, will present letters of commendation to the five National Champions during their White House visit. Acalanes Athletic Director Erwin Mattson and Sun Sports Editor George Colburn will be two of the judges for the competition.

WC Softball Playoffs to Start Tues.

The final two games of regular season play in the Walnut Creek Adult Softball League provided plenty of fireworks. As a result Walnut Creek Athletic Association Team No. 2 and the Post Office wound up tied for first place with 5-2 records. And the Lions Club and San Miguel finished in a tie for third place with 4½-2½ records. The post-season, round-robin playoff begins Tuesday night for the top four teams. Tuesday, WCYAA No. 2 meets the Lions Club at 7 p.m. in City Park. At 9 p.m. the Post Office will play San Miguel. Wednesday evening at 7 p.m. the two losers meet in a consolation game while the two winners play for the league championship at 9 p.m.

FINAL STANDINGS

WCYAA No. 2	5	2
Post Office	5	2
Lions Club	4½	2½
San Miguel	4½	2½
Optimist Club	3	4
City Employees	3	4
WCYAA No. 1	2	5
Kiwanis Club	1	6

PLAYOFF SCHEDULE

Tuesday

Lions Club vs. WCYAA No. 2, 7 p.m.

Post Office vs. San Miguel, 9 p.m.

Wednesday

Loser, Game 1 vs. Loser, Game 2, 7 p.m.

Winner, Game 1 vs. Winner, Game 2, 9 p.m.

(All games at City Park.)

The first place team was scheduled to play the third place team and the runnerup was to meet the fourth place finisher in the playoff. Because of the ties, WCYAA was given the No. 1 position because it had defeated the Post Office in the regular season and a flip of the coin by recreation officials decided that the Lions would get the third spot. The WCYAA team had apparently wrapped up first place in league standings when they defeated the Post Office for its fifth straight win two weeks ago. In two previous games, they had dumped the Lions and San Miguel as well to take over undisputed possession of first place with a 5-1 mark. The final WCYAA game was against the Kiwanis Club, a team much abused and without a win in six games. Perhaps overconfidence was the reason, or a rash of injuries suffered in two previous games, but WCYAA was "smashed" by the Kiwanis Club, 15-3. The Kiwanis scored 14 runs in the first three innings and that was all they needed. The loss moved the Lions in first place temporarily. However, they needed a win over the Post Office Sunday to insure undisputed and final possession of the top spot. The Post Office, league leader for most of the season would not play dead, however. They scored seven runs in the first inning, jumped to a 17-0 lead after three innings and went on to score a lopsided 30-7 win. WCYAA No. 2 defeated the Lions, 20-17, in their league meeting. San Miguel handed the Post Office a 2-1 loss in their regular season game.

It's the FAL vs. the DVAL Today in Five Games

Del Valle, PH Picked To Win the Top Games

The Sun's foursome of football prognosticators had a good week picking the college and professional games, but they had a very poor average for the high school games.

Only Hec Hancock had a respectable average for his high school choices.

He had three winners and was the only one to predict Clayton Valley and Del Valle victories.

Overall, Hancock was 8-2 for an outstanding .800 percentage.

If he keeps this up, he's liable to try earning a living in Nevada.

THE other three staff members wound up with six correct choices and four mistakes.

The consensus also wound up with six correct choices and four mistakes.

Just about everyone was fooled by the Del Valle and College Park victories as well as the Alacalanes loss and the San Ramon tie.

This week Alacalanes and Las Lomas are unanimous choices to lose as is San Ramon. The Wolves are going to have to prove that their first game was no fluke.

The majority of the staff also think that Del Valle will win its second, and that College Park and Miramonte will lose their first games.

ALL four members of the staff had perfect 5-0 records for the college and pro games last week.

Everyone picked UOP, San Jose State and the 49ers to win as well as the Rams and the Raiders to lose.

Sports Editor George Colburn, Roger Jernigan and Dave Anderson were right only once on their high school picks. Their other four choices were all wrong.

However, Colburn picked Las Lomas to win, 7-6, and that's exactly what happened.

Anderson also picked Las Lomas to win.

Jernigan was the only writer to pick College Park's win over Santa Rosa, but he also was the only one to pick Las Lomas to lose.

The only "high school" choice that all four agreed upon was the San Ramon game.

They all picked the Wolves to lose—and, of course, they didn't. The Editor's wild card pick of the week is for the Detroit Lions to defeat the Baltimore Colts, 27-24.

Last week he picked the Lions to upset the Green Bay, last year's Western Division champions — and that's what happened.

THE CONSENSUS (6-4) for the top 10 high school, college and professional games this week are:

Pleasant Hill over Alacalanes (4-0). Alacalanes looked bad last week.

Mt. Diablo over Las Lomas (4-0). Nobody bets against the Devils yet.

Pacificia over Miramonte (3-1). Miramonte's strength unknown. Clayton Valley over San Ramon (4-0). The Eagles are tough.

Alhambra over College Park (3-1). The Falcons' season is a success already.

Del Valle over Albany (3-1). The newcomers were impressive last week.

Texas over California (3-1). It's going to be another long season.

Tulane over Stanford (3-1). Another winless year?

Dallas over Raiders (3-1). Someone thinks they can win.

Forty-niners over Green Bay.

Del Valle Eyes Second Win Tonight

By DAVE ANDERSON

Fresh from a fine showing last week, the Trojans of Del Valle will be seeking their second varsity football victory in as many games when they lock horns with Albany tonight.

This "home" game will be played at Alacalanes with the kick-off at 8 p.m.

Albany finished high in the standings of its league last year, and has many returning seniors with varsity experience.

Its team has a very heavy line, with one guard weighing in at 250 pounds.

Coach Jerry Bellon says that Del Valle will have to play at least 40 per cent better than they did last week to win.

The Trojans demonstrated real power in blanking Cloverdale 7-0 last Friday in that city.

For their first varsity game, the players put on a fine display of finesse and confidence.

Certainly not awed by their opponents, Del Valle marched 98 yards to pay dirt the first time they got their hands on the ball.

Vic Shellenberg plunged over from three yards out. The very same play clicked for the extra point.

THE REMAINDER of the first half resulted in no real offensive drives by either team.

In the second half, a Trojan drive stalled on the Cloverdale 23.

From there, Cloverdale mounted its biggest threat of the game, and drove to the Del Valle six-yard line.

Ten, for eight plays (because of a penalty) the Trojans held the Eagles to a net gain of minus one yard.

The Trojans ground out most of their yardage by rushing, with a lot of yardage being picked up off-tackle and on end sweeps.

Bill O'Toole, left halfback, was the big gun for the Trojans, rolling off 95 yards in 10 carries for a fine 47 yard rushing average.

The Trojans gained 226 yards total, with 31 yards being picked up off Bob Kovat's passes to O'Toole. Cloverdale was held to 108 yards, all on the ground.

Credit must be given the Del Valle line for their excellent job both offensively and defensively.

Linemen Burnell Pompenay, Barry Goggin, and Dick Smith did an outstanding job of leading plays on offense for the Trojans, while Max Christensen and Mike Valcke plugged up the holes on defense.

With the experience and the confidence gained in last week's game, the Trojans might be a tough team to handle the rest of the year.

They are eagerly anticipating tonight's tilt and they are prepared for anything.

Three Aces Scored At Walnut Hills

Three hole-in-ones were scored in two days at the Walnut Hills Country Club recently.

Charles Matzen and Gary Gates scored their aces on September 13 while Genia Olsen scored her ace the following day.

Gates aced the 130-yard 17th hole. Mrs. Olsen made her hole-in-one on the 85-yard fourth hole.

FRIDAY, SEPTEMBER 22, 1961

DEJECTION AND WONDER are shown on the faces of Pleasant Hill Line Coach George Galli and Head Coach Hal Briggs as they leave the field following 7-6 loss to Las Lomas last week. Pleasant Hill could only score once despite several opportunities. Las Lomas turned an intercepted pass, a perfect conversion and a key fumble recovery into a victory.

Sun photo by Bob Rush.

Key Plays Help Knights Edge Pleasant Hill, 7-6

Quarterback Mike Breuleux and tackle Larry Reardon were Las Lomas 29 with 1:36 remaining.

They couldn't go any farther, however, and the Rams eventually lost the ball on a fumble at midfield.

Breuleux booted the decisive extra point of the game and recovered a Pleasant Hill fumble in the end zone to nullify what seemed like a sure Ram touchdown.

Reardon broke through the line to block Pleasant Hill's try for point in the opening period that gave the Knights their margin of victory. He also stopped a Pleasant Hill drive in the first quarter when he crashed into a Ram player, causing a fumble.

Reardon picked up the fumble and raced 63 yards for an apparent touchdown, but it was nullified by a clipping penalty.

The Rams started fast in the Foothill-Contra Costa inter-league battle.

DAVE CLARK rambléd 46 yards for a Pleasant Hill TD with less than four minutes gone in the game. It took the Rams three plays to cover the 53 yards.

Reardon's fine defensive play halted another drive that had carried to the Las Lomas 17.

Then, with less than four minutes to go in the first half, Las Lomas got its big break.

After an exchange of punts midway through the second quarter, Pleasant Hill got the ball on its own 32.

On a third down situation, quarterback Nelson Shelton went to the air trying for the first down.

Las Lomas fullback Larry Gabie was another "johnny-on-the-spot" as he picked off the aerial and scooted the 25 yards to pay dirt.

THE scoreboard clock showed 3½ minutes left in the half when Breuleux booted a perfect placement.

The Rams came back quickly and moved to a first down on the

Eagles Swamp Alacalanes 27-0

The Clayton Valley Eagles, striking for three quick scores in the second quarter, went on to defeat Alacalanes, the 1960 Foothill League co-champs, 27-0 last Friday night at Lafayette.

The loss spoiled the debut of Buzz Williams as the Don head coach.

In winning, Clayton Valley indicated they would be definite contenders in their division of the DVAL.

Gordon Martindale spearheaded the Eagle attack, scoring three touchdowns.

Included in Martindale's scoring output was an 80 yard runback of the second half kickoff.

Martindale got the Eagles on the scoreboard in the second period with a 7 yard scamper around left end, after having set up the scoring threat with a punt return to the Don 31 yard line.

With 4½ minutes left in the first half, Eagle quarterback Dave Madsen hurled a 42 yard strike to Martindale for the second tally.

Clyde Mashore converted to make it 14-0.

FOLLOWING the kick-off Greg Ford, Eagle linebacker, picked off an errant Don aerial, and romped into the end zone from 30 yards out.

Again Mashore kicked the conversion to make it 21-0 at half time.

Martindale then took the second half kick-off on his 20 yard line, picked up a couple of key blocks, and sped up the middle to go all the way for the touchdown. This closed out the game's scoring as a 15 yard penalty nullified the conversion attempt.

Alacalanes settled down at this point, and for the remainder of the game played the Clayton Valley aggregation, which by this time was liberally sprinkled with newcomers, on even terms.

Three Games Tonight, Two This Afternoon

By GEORGE COLBURN
Sports Editor

It's a case of the Foothill Athletic League versus the Contra Costa Division of the Diablo Valley Athletic League this afternoon and tonight in five inter-league struggles.

After two inter-league games last week the score is all even at 1-1. Las Lomas downed Pleasant Hill and Clayton Valley defeated Alacalanes in those games.

This afternoon Clayton Valley will host San Ramon and Miramonte entertains Pacifica.

This evening Alacalanes visits Pleasant Hill, Las Lomas travels

well against a much heavier Santa Rosa team.

In Albany, Del Valle again meets a team of unknown quantity, but from reports it appears that they'll be a bit tougher to handle than last week's opponent.

COLLEGE PARK students and fans will be able to get a glimpse of the Falcons tonight in Martinez. It'll be a case of traveling to all College Park games this year as the Falcons do not have a home field.

With one victory behind them and the home fans adding their support, the two new teams might surprise again.

San Ramon jumps out of the frying pan into the fire this afternoon at Clayton Valley.

The Wolfpack pulled a big shocker last Friday night in Danville when they tied Livermore, everybody's choice to win easily.

Today it'll be more of the same.

The Eagles impressed everyone with their 27-0 romp over Alacalanes last week. So San Ramon will have to prove its worth with another upset.

College Park Opens With 19-7 Victory

In its first varsity football venture, the College Park upset the odds with a decisive 19-7 win over Santa Rosa last Friday night in that city.

The Falcons stuck to the ground most of the night and rolled up over more than 200 yards while attempting just three passes and completing two.

The Pleasant Hill team dominated the first half and jumped to a 13-0 lead at the intermission.

Halfback Art Miller got the Falcons off and winging in the first quarter when he broke off tackle, found daylight and raced 68 yards for a touchdown.

The try for point was missed and College Park led 6-0 at the quarter.

In the second quarter, the Falcons drove 40 yards for their second TD.

Bob Schreeder got the six points on a three-yard smash-off tackle.

Miller plunged over for the extra point.

Santa Rosa narrowed the margin in the third quarter when they scored their only touchdown.

The Panthers took the second half kickoff and marched for the score. When they added the extra point, they were very much in the game.

Santa Rosa threatened again the next time they had the ball. Only a penalty on the College Park two-yard line halted this drive.

AFTER taking over on downs, the Falcons started a drive that resulted in their third touchdown of the night.

Quarterback Loren Speck connected on a 17-yard pass play with Doug Sizmore for the six points.

The College Park secondary intercepted two passes out of the six attempts by the Panthers.

NorCal Diving Championships in Lafayette Sunday

The newly formed Sherman Swim School at 1075 Carol Lane in Lafayette will be the site of the Northern California Invitational Age Group Low Springboard Diving Meet Sunday.

The meet is co-sponsored by Orinda Pools, Inc. and the Sherman Swim School.

The meet is open to the public. There will be no admission charge.

The first event gets underway at 11 a.m.

The divers will be divided into five age groups with the eight and under group competing in the opening events.

The other four age groups are: 10 and under, 11 and 12, 13 and 14, 15 and 16.

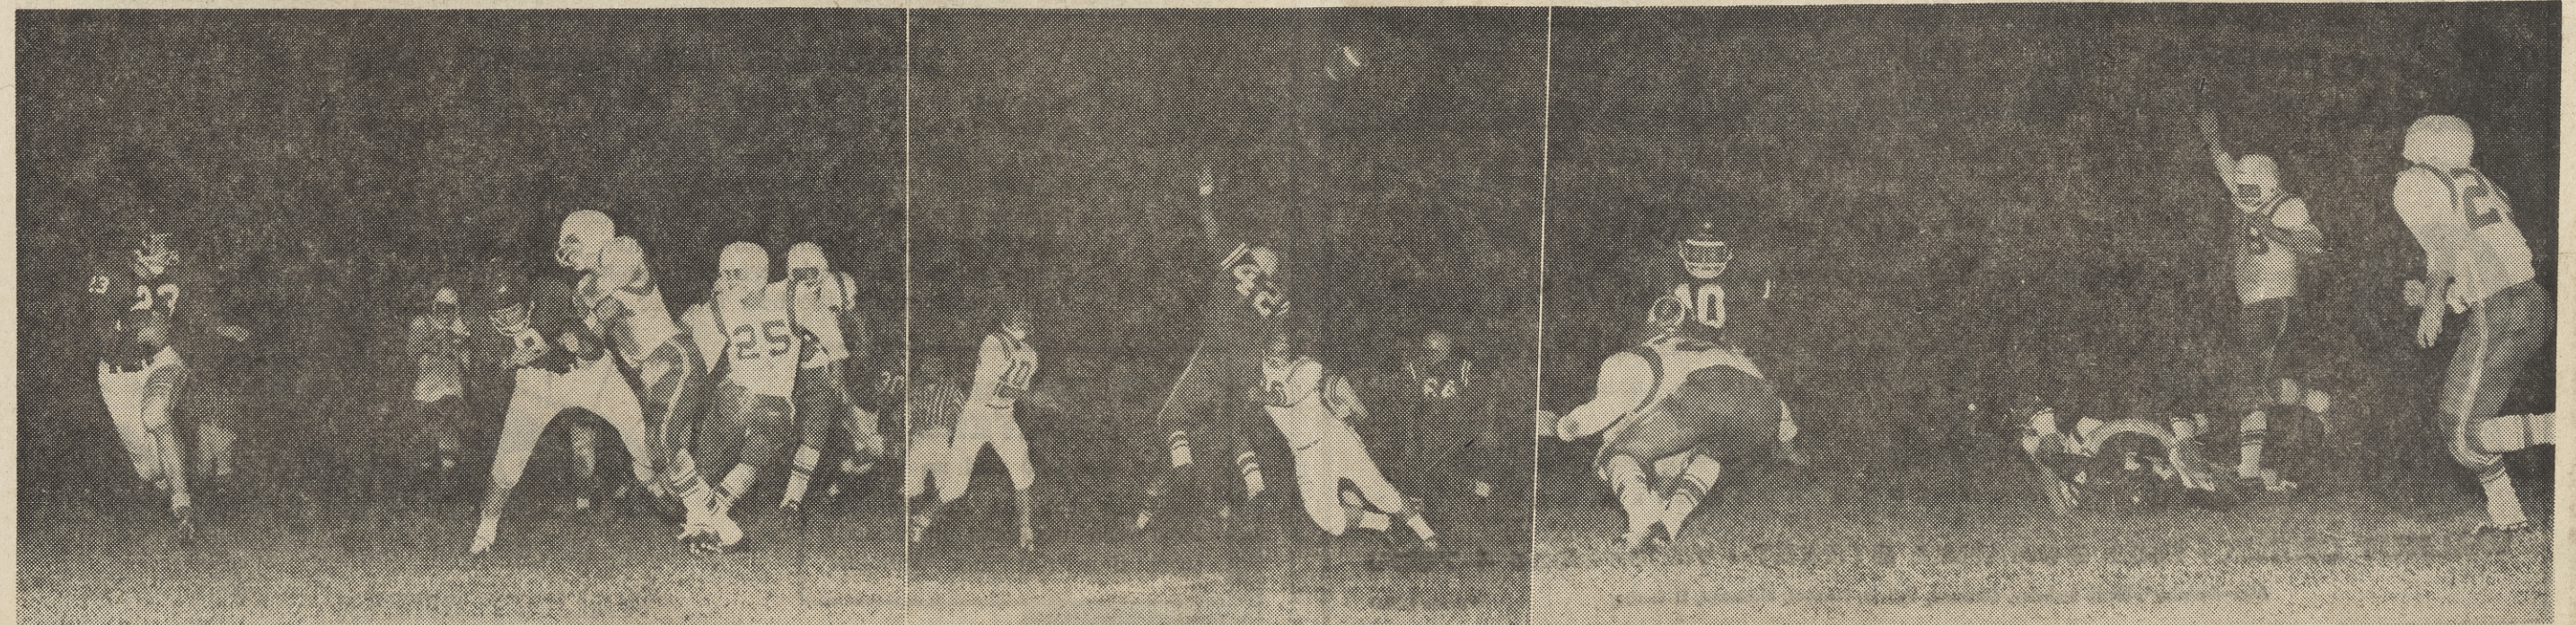

Two outstanding local divers, Mike Sullivan, 10 and Claudia Lehto, 12, will pace the meet held under AAU rules.

Sullivan is considered by many to be the country's outstanding diver in the 10 and under group, after capturing the age group title for the third straight year at the Junior Olympic Meet, recently held at Redding.

Other top local swimmers competing in the meet are: Darlene Georgian, Lafayette (13-14); Donna Peake, Orinda (13-14); and Gail Baker, Orinda (15-16).

Sherman, a former swimming star for San Francisco State College, where he was the Far Western Collegiate Conference champion in 1951 and 1952, invites all interested parties to contact the Sherman Swim School at 283-2100 or Orinda Pools, Inc., 3469 Mt. Diablo Boulevard, Lafayette, 284-7025 for entry blanks or information.

Plenty of Action in Opening Football Games

LAS LOMAS Fullback Larry Gabie goes wide attempting to turn right end in last Friday's game at Las Lomas. Quarterback Mike Breuleux wards off one Pleasant Hill defensive man as three others chase Gabie. Number 25 is Dave West, Pleasant Hill halfback.

ACALANES Quarterback Doug Sanderson managed to get off this pass despite the charge by Tim Morgan of Clayton Valley, but he probably wishes he hadn't. The aerial was intercepted and run back for a TD.

A PLEASANT HILL defensive back gets his head into this tackle as he abruptly halts the progress of Las Lomas Halfback Chris Nakano. Taking a nosedive is Tackle Larry Reardon as Pleasant Hill Tackle Chuck Bray does a ballet step to avoid the pileup.

LET'S TAKE A HARD LOOK AT THE FACTS:

- In an atomic attack most of us can be saved.
- There are means of protection.
- Protection must be provided before, not after, siren sounds.
- Shelter is needed everywhere, as fallout spreads hour by hour.

WHY PREPARE A SHELTER NOW?

- We do not want an attack.
- We do know that hostile forces possess weapons that can destroy us if we are not prepared.
- That is why we must prepare.

Annual Concert, Lecture Series Begins October 4

Concert artists of established reputation and lectures by authors and speakers of prominence will be featured during the second annual Diablo Valley College concert and lecture series opening on the campus October 4, college officials announced today.

Carrying out the theme of man and the arts, a series of eight programs, each spaced a month apart, will be equally divided between speakers and musical events.

THE SERIES last year drew more than 6,500 persons, and plans are being made to accommodate an estimated 10,000 this year. The offerings are part of the Contra Costa Junior College District's community service program in the cultural field.

Leading off the series October

4 will be William Winter, foreign correspondent and a radio and television commentator of worldwide reputation. His topic will be Artists and Shopkeepers in America's Society. The remaining schedule will be as follows:

November 15—The Oakland Symphony Orchestra, under the direction of Gerhard Samuel, featuring the unique four-hand music of the Milton and Peggy Salkind piano duo.

DECEMBER 6—Lecture by Bruce A. Watson, Diablo Valley College social science instructor, on Art, Artists and Art Publics. Watson, an alumnus of San Francisco State College, has authored numerous publications in the field of sociology.

January 10—Miss Margaret Blum, mezzo soprano. Miss

Blum, wife of a San Francisco advertising executive and mother of two small children, has appeared with many of the world's leading opera companies.

February 7—The Boccherini Quintet, described as perhaps Italy's greatest instrumental ensemble, will present a program of chamber music from the works of Boccherini, Schubert, Bach, Hindemith, and others.

March 7—Lecture, Liberal Arts in a Practical World, by Dr. Frank C. Baxter, member of Governor Edmund G. Brown's California Committee on Educational Television, and recipient of numerous national awards for his work in this sphere.

APRIL 4—Dr. Adan E. Tre-ganza, noted authority on California archeology and head of

San Francisco State College's department of anthropology, will discuss Art as an Historical Document of Man's Past.

May 9—The Diablo Valley College A Cappella Choir, with Eric Johnson as bass soloist. A former choir member, Johnson is continuing his professional training at San Francisco State College.

The general public is invited to attend the full program, but admission will be by series tickets only. Costing \$2 for the entire series, they are obtainable from the college bookstore, Concord; by mail addressed to the college committee on arts and lectures, or at the door before the event.

Record Festival Crowds Expected; Many Shows

Anticipated record crowds at the 1961 Walnut Festival will be entertained in many ways. Willma P. Atkinson, commercial tent committee chairman, announced that 11 free stage shows will be presented in the "big top" during the four-day festival.

The indoor shows will feature outstanding professional acts, and area amateur solo and group presentations.

Headlining the stage entertainment in the tent will be Al Bollington, internationally known organist, and recognized as one of America's leading artists of the organ keyboard.

Bollington, a native of England, has a distinguished record in British and Canadian

radio, theatre and records. Since 1955, he has resided in the Los Angeles area and appeared in American concerts, radio, television, night clubs, made records, and has found time to compose and arrange organ music.

Joining Bollington on the special tent stage will be the Concord Municipal Band.

The program schedule also includes the Valley Venetians, an instrumental novelty quartet who have proven hits in area appearances.

Scheduled for stage appearances are the concert, accordion and guitar bands of the City Music House, plus several other instrumental soloists.

Dons, Donnas Prepare For Victory Tonight!

By CAROL CURTISS

Tonight the Acalanes Dons will smash their way to victory (we hope) as they take on the Pleasant Hill Rams in their second game of the season.

All patriotic Dons and Donnas will be there to cheer the team on to victory. According to "Buzz" Williams, head football coach, the probable starting line-up will consist of: Seniors; Jim Rinne, end; Louis Encalada, tackle; Denny Dahlgren, center; Lowell Peters, guard; Dave DeVarona, tackle; Ken Blaise, end;

Jack Squires, halfback; Dennis Money, fullback. Juniors include Mark Mohler, guard; Doug Sanderson, quarterback and Dave Perry, halfback. Good luck, guys, we'll all be rooting for you!

THE ACALANES SHIP of state was officially launched September 14 as the student council met for the first time this school. The 20 new representatives, elected September 13 acted on a full slate of business which included the appointment of a sportsmanship committee.

Those students elected to represent their respective classes for the semester ending January, '62, are: Seniors; Bob Gillham, Pete Goodman, Sheri Grant, Nardi Fontaine and Marti Wehmeir; with alternates, Cheri Peterson, Kathy Moore and Bill Hays; Juniors: Jon Sammann, Doug Sanderson, Molly Hunter, Terri Elliott and Nancy Silliphant, and Dave Perry and Carolee Beatty as alternates.

SOPHOMORES: Julie Alves, Harry Curtiss, Jim Ingham, Julie Tucker and Jim Shrupp with Margie Morris and Joan Pearson as their alternates; and Freshmen: Hope Julius, Kathy Lund, Julie Smith, Bob Harris and Marilee Wade and their alternates, Leslie Grant and Elaine Roach.

On September 11, Mike Bradley, chief Justice, met with all class presidents and vice-presidents in order to choose the new student control members who will comprise the regulatory branch of Acalanes' Student Court which was instituted last January.

The senior members are Tim Albert, Ken Angella, Bruce Arnold, Dave Bierk, Cindy Blado, Bonnie Brekke, Walt Cardinet, John Bomberger, Gary Childs, Steve Coons, John Day, Dave DeVarona, Barbara Dietz, Gayle Easton, Jan Edwards, Louis Encalada, John Evans, Pam Fisher;

Nardi Fontaine, Jane Funk, Monty Graham, Sandi and Sheri. THE JUNIOR members are Bob Adams, Carolee Beatty, Cindy Hallock, Bill Higgins, Diane Ferry, Molly Hunter, Pat Keith, Sue Kent, Kirby Long, Mike Mohler, Dave Perry, Nancy Snelgrove, Nancy Stoops, Nancy Silliphant, Doug Sanderson, Jon Sammann, Jonnie Thomas and Phil Grant.

The sophomore members include Sue Cardinet, Bonnie Cotton, Chuck David, Mike Hallock, Leslie Hillyer, Nancy Hopper, Janet Hicks, Margie Morris, Linda Murley and Julie Tucker. The new frosh will not have representatives as they would not command enough respect from the upper classmen.

Five senior monitors will be chosen to act as the executive council. Their duties will be to advise and administer punishment to offenders and to hold court when it is deemed necessary.

The other members will be in charge of carry ing out the control system, correcting any trouble seen in the normal course of a day, asking an offender to improve his conduct and, should the offender refuse, asking him to appear in court.

It is hoped that this honor system will increase the strength of student government, and unite the student body by instilling a will for mutual cooperation.

ACALANES is proud and happy to have more than 100 new students this fall (this figure, of course, is excluding all incoming frosh). Our new seniors hail from such faraway places as Cambodia, Switzerland, Maryland and New Brunswick and as close as Pleasant Hill, Berkeley and Oakland.

Welcome then to Daney Maes Saem, Russell Blake, Peter Lier, Darlene Martinez, Pat Higley, Susan LeGuehery, Cathy Payne, Walter Henning, Ronald Sergi, Edward Janeck, Darby Rust, Bob Norton, Gail Halchter, Cindy Gartin, Victoria Lucas, Terry Parsons and Roxy White.

Apologies to Frank McDonnell (German and English) and Mrs. Frances Liebold (algebra) for not including them in the list of new teachers in the last column.

One last word to all our fighting Dons—tonight let's GO, FIGHT, and by all means WIN!!!

Cake-of-the-week: NEW ENGLAND BUTTER CRUNCH LOAF

Fill and frost with 1½ cups whipping cream whipped with ½ cup sifted confectioners' sugar. Chill.

Family favorite: SPICY BUTTER-MALLOW CAKE

Heat also escapes through loose-fitting windows and doors. Weather-stripping is a home improvement which stops chilling drafts as well as heat loss.

Heating dollars can go right up the chimney! You'll buy less heat if your fireplace damper fits tightly and is kept closed when fireplace is not in use.

Remember that a yearly furnace check and filter replacement by a furnace man will help maintain furnace efficiency, and stretch your heating dollars.

People Flock to Diablo Estates Home Display

After being open only two full weeks, the builders of the Diablo Estates Home Show in Moraga Ranch estimate that in excess of 10,000 people have thus far visited and inspected the seven model homes.

FOR FALL HAIR styles, do what Susan Henryson, Miss California, does. Here she is having her hair styled by Mr. Victor of New York, and also of Ralph, Joseph and Owen Beauty Salon, Petticoat Lane, Walnut Creek.

I. Strand said that "more visitors than ever are expected during the coming two weekends because of the observance of National Home Week. It's traditional that interest in new homes rises sharply during this annual observation sponsored nationally by the National Association of Home Builders and their regional member associations."

According to Strand, "the Diablo Estates Home Show is a real eye opener, with such enthusiastic public response to homes that range upwards from \$30,000. It's not uncommon for low priced subdivisions to draw huge crowds, but to see this mass reaction to upper bracket homes is certainly heartening."

He added, "all the home show builders are delighted by the drawing power of historic Moraga Ranch as a luxury home location."

Two hundred fourteen lots are available in Diablo Estates with 16 individual contractors represented. The development is located southeast of Orinda on Moraga Way, about five minutes.

Here Are Movie Reviews For Your Family's Use

The following is a guide to movie entertainment presented as a service by The Sun.

The ratings are made by the Film Estimate Board of National Organizations and the classifications are as follows:

A—adults; MY—mature young people; Y—young people; F—family and C—children unaccompanied by adults.

"ADA"—A
A mixture of politics and romance, "ADA" gives a somewhat fanciful picture of corrupt behind-the-scenes political maneuvering, and what an ex-call girl can do to clean it up, if she has brains and administrative ability.

"BY LOVE POSSESSED"—A
James Gould Cozzens long, penetrating study of love in a multitude of aspects has had both plot and purpose changed in its screen namesake.

The crowded plot allows little time for the novel's deep and perceptive character study, but interest in the people involved is insured by the all star cast.

"COME SEPTEMBER"—A-MY

Come September each year American millionaire Rock Hudson spends the month at his Italian villa with his capricious mistress, Gina Lollobrigida.

"FANNY"—A-MY

A composite story drawn from Marcel Pagnol's trilogy "Marius" has made a superior film, retaining much of the Gallic humor and spirit of the original plays.

"FRANCIS OF ASSISI"—F

Sensitively photographed Giotto murals with a background of religious music set the mood for the story of "Francis of Assisi." Although the expected spiritual quality is felt infrequently, the film places itself among the best of its type in its pictorial drama.

"GOODBYE AGAIN"—A

Taken from a Françoise Sagan novel this elegant, polished production is strongly colored with the author's youthful cynicism. There is a considerable sympathy for its disenchanted characters throughout the very well made drama.

"FATE OF A MAN"—A-MY

A fine Soviet film traces the experience of a quiet, small town carpenter turned soldier during World War II. Good subtitles interpret the German and Russian speech of the characters.

"THE LADIES MAN"—F

Jerry Lewis again enters the list with a picture which he has written, produced and directed and in which he stars. The elaborate production features a remarkably clever set.

"THE MAGIC BOY"—F-C

A Japanese feature-length animated cartoon tells a fairy story that embodies all the tried and true elements and a little more besides.

"THE MINOTAUR"—A-MY

The Theseus legend undergoes many changes in this pretentious English-dubbed Italian melodrama.

"MORGAN THE PIRATE"—A-MY

In this Italian-made adventure melodrama, Steve Reeves plays Henry Morgan, the 17th century buccaneer who has English authorization to harass Spanish shipping.

"THE NAKED EDGE"—A-MY

The most offbeat thing about this absorbing British thriller is the casting of its two stars, Gary Cooper and Deborah Kerr, neither of whom has been accustomed to such nightmarish goings on as they find themselves in here.

"NIKKI, WILD DOG OF THE NORTH"—F

The latest addition to Walt Disney's True Life Adventures keeps up the high reputation of the series. Beautifully photographed with splendid animal and scenic shots.

"TWENTY THOUSAND EYES"—A-MY

To repay a threatening racketeer whose stock he has taken for his own personal use, a young investment broker plans the

Dramateur School of Drama Opens

Ages seven through nine will meet at 10 a.m.; ages 10 through 12 meet at 11 a.m.; ages 13 and 14 convene at 12:30 and ages 15 through 17 start at 1:30.

Information concerning classes may be obtained from Tish Winkworth at CL 4-5517.

Jr. Dramateurs To Meet Monday

The Junior Dramateurs, the teen-age organization of the Dramateurs, will have a get-acquainted and new membership meeting September 25 at 7:30 p.m.

All teen-agers interested in drama are invited to attend. Activities include participation in workshops and in Dramateur plays both as actors and technicians as needed.

Current officers of the junior group are: Jo Anne Leslie, president; Carol McMahon, vice-president; Betsy Hughes, secretary-treasurer; Larry Hertzburg, junior director.

Mrs. Robert Lester Hosts Club Meet

Mrs. Robert Lester, president of the Hilltop Garden Club, was hostess to the club at its recent meeting.

Mrs. Estelle Walker was co-hostess. The business meeting was followed by an informal luncheon.

theft of a collection of uncut diamonds from a museum. The title refers to the lights of a city at night.

"TWO RODE TOGETHER"—A-MY

James Stewart as a lazy, cheerful, grafting marshal and Richard Widmark as his upright friend, a United States cavalry officer, are teamed in a John Ford western.

"VOYAGE TO THE BOTTOM OF THE SEA"—F

A showy science thriller centers around a mission of utmost urgency undertaken by an atomic submarine. Science fiction buffs and juvenile audiences will find this particularly enjoyable.

"WILD IN THE COUNTRY"—A

In this long, full-to-overflowing drama, Elvis Presley does well as a sorely tried country boy with a justifiable resentment against the world at large.

Animal Control Center Has Many Duties

County Agricultural Commissioner Arthur L. Seeley wishes to remind the public of services offered by the Contra Costa County Animal Control Centers and to enlist the support of all individuals interested in the welfare of animals. The centers are charged with enforcing the county ordinance which covers licensing, impounding, vaccination, and humane treatment of all animals. These officers constantly patrol the county and pick up stray, unwanted and dead animals. Various areas have required the use of special patrol and through this method we have reduced the problem of dog packs

running loose and disturbing the public. The public therefore is our main source of information on animal problems in the county and all comments, suggestions, or inquiries should be directed to our animal control centers, 2777 Arnold Industrial Highway, Martinez or 16949 San Pablo Avenue, Pinole. There are many fine pets available to the public for a small fee by telephone or personal visit.

Republicans Plan Dessert-Bridge To Raise Funds

"Play today—work tomorrow!" may not sound like a good political slogan, but it is producing good results for the Lafayette Republican Women's Club.

Thursday, 12:30 p.m., at six large homes in Lafayette, several hundred club members and their friends will gather for a dessert-bridge, their play to produce the financial returns that will help to make a vigorous campaign in 1962 possible.

Co-chairmen Mrs. John J. Farley and Mrs. Robert H. Goodale announce that homes have been offered for this event by the following club members: Mrs. Miller Freeman, 4067 Happy Valley Road; Mrs. Herbert E. Goranson, 3411 Black Hawk Road; Mrs. F. T. Hawkesworth, 968 Stow Lane; Mrs. Gordon Holmes, 3815 Happy Valley Road; Mrs. George Martinson, 8 Hidden Valley Road; Mrs. James R. Moore, 3802 Happy Valley Road.

Mrs. Leland Scott, hospitality chairman, will be assisted by Mesdames F. R. Edwards, Robert Elmore, Sherman Sibley and J. J. van Lobensels, Jr.

Hostesses who will serve in the various homes are Mesdames James Beatty, E. F. Cardin, Frank Clapp, Hal Dorn-sie, Lenox Etherington, Charles Giguere, Will Hall, Roy B. Hazard, Stannis Hinman, James Kilpatrick, Lyle Lund, Dan Peabody, William Picard, Sam Smith, Richard Ward, Bruce Wood, Chandler Young and Chris H. Zacher.

Telephone reservations are being handled by Mrs. R. M. Spragens, tickets by Mrs. George W. Ely, decorations by Mrs. H. E. Goranson and publicity by Mrs. Harold L. Paige.

Rhodes to Hold Beauty Workshop

The fall session of Rhodes Seventeen Beauty Workshop begins tomorrow in the training room of the Concord store.

Open to girls between 13 and 17, the Model Teen classes are held five Saturdays in succession, and offer a capsule modeling course to those attending.

Officially begun by Seventeen Magazine, the course is given locally by fashion and beauty experts following Seventeen's successful schedule of classes: diet and exercise, wardrobe, under-fashions, beauty salon and make-up, hair care, millinery, voice and grooming and modeling technique.

A few openings are still available in this newest session of the beauty clinic. Reservations may be made by phoning Rhodes Concord store.

Librarian Course Is Scheduled

Future librarians for school libraries in Contra Costa County will enroll Wednesday in an extension course to be given by San Jose State College under the sponsorship of the county superintendent.

The class will meet Wednesdays at 7 p.m. in the new Contra Costa County Office and Library Building in Pleasant Hill.

Library services consultant Walter Harris of the county staff said the course marks the halfway point in a series which will provide the units necessary for a librarian's credential.

Interested persons may communicate with the consultant at 1750 Oak Park Boulevard or by phone.

About 40 persons have attended the three previous courses in the series.

The fourth, library and school relationships, will be instructed by Bernard Van Horne, administrative assistant, Contra Costa County Library, as the librarian; Dr. Floyd Marchus, county superintendent, as the administrator; and Robert O. Hall, professor of education, Alameda State College, as audio-visual education expert.

Reservists Are Called

Several area residents are scheduled to report for active duty aboard the USS Alvin Cockrell, based at Alameda.

They are among some 8400 U.S. Navy reservists in the United States who are being called involuntarily to active duty.

They include George Boyle, David Brook and Gerald Russen of Walnut Creek; Tay Buntin and James Drake of Lafayette; Joseph Cozzo and Fred Honnold of Orinda.

Teachers Are Reading More Says Librarian

Contra Costa County teachers are reading more professional works from the library maintained for that purpose by the office of the county superintendent.

Library Consultant Walter Harris attributed a sharp increase in teacher readership—40 per cent last year over 1959—60 in contrast to about five per cent increase in the number of teachers—in part to distribution of an organized catalog and revision of the collection.

Harris said circulation rose from 3514 to 4922.

The figures, he added, omit the circulation for the month of June, since in that period of 1961 the school department was in the process of moving from the Court House at Martinez to the new county building in Pleasant Hill.

For the professional library

and the Contra Costa County School Library the move involved transfer of 50,000 books.

Circulation of children's materials is declining gradually, due to the diminished demand on the county school library as local district libraries are built up.

"Total circulation for the school year 1960-61 was 31,511 as against 33,987 for the previous year, a decrease of seven per cent," he reported.

Other highlights of the year were organization of an association of secondary school librarians, expansion of services in

Danville Union and Martinez School Districts by employing professional librarians and clerical assistance and in Alamo District by employing a librarian part-time.

Also progress by Alamo, Sheldon and Pinole-Hercules Union School Districts toward their own independent library systems.

The Contra Costa County School Library provides 10 smaller districts with books and assists in their transition to autonomy in library operations.

Information School Held By PTA Council

Mt. Diablo Council PTA School of Information for officers and chairmen was held September 11 at the Christian Church, Concord.

The 32nd District's Mrs. V. P. Andersen, new District president, conducted the session for presidents and vice presidents.

Mrs. T. O. Wright, district parliamentarian, led the parliamentary procedure group with a film and discussion.

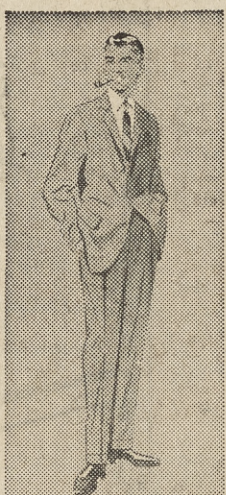

Mrs. Albert Goerke, director of health, instructed in safety

Dow's Lab Described By Exec

The new Dow Chemical Company facilities on Oak Grove Road, when completed, will accommodate research personnel now employed in the company's Pittsburg laboratories.

These and other facts were learned September 7 during a luncheon meeting at Kellogg's Restaurant.

Walnut Creek officials heard R. G. Heitz, director of research for Dow's Western Division, outline plans for the \$400,000-plus development, including laboratory, with 23,000 square feet of interior space, and a library with some 4500 square feet.

The concrete block buildings will be one-story, with large glass walls, said Heitz.

There will be about 85 scientists moved initially from the Pittsburg facility, and this will increase to 100 persons later on.

They will have available to them a technical library, an analytical laboratory and a glass-blowing shop.

Basic laboratory research will be aided by various projects in organic and inorganic chemistry.

Present were Walnut Creek Mayor Fred Sanders, Leland

Doan, general manager of Dow's Western Division, and other company officials. Doan purchased the 30-acre small exploratory laboratory for six to eight people, which already in use on the site is was built last year.

Four Diablo Valley College graduates won coveted membership in Phi Beta Kappa, a national scholastic honor society, at the University of California during the 1961 spring semester.

Verle C. Henstrand, DVC dean of student personnel, reported.

The selection of the four brings to eight the total number of DVC alumni who have won Phi Beta Kappa honors at the university since 1957.

The four were among seven candidates from the area served by DVC.

Academic excellence being the criteria for selection, Henstrand pointed out that the candidates compiled almost straight A averages at the university, and that they had completed all or a major portion of their lower division work at DVC.

Named to the spring list were Martin W. Malseh and Charles E. Leach, both of Walnut Creek, and both of whom majored in engineering; Keith E. Sauer of Concord, who majored in Spanish, and Jack S. Zelter of Martinez, mathematics.

DVC graduates who won society membership in previous years are Sandra L. Bozarth of Martinez, Mirko A. Milicevich and Dorothy J. Millen of Concord, and Robert H. Traxler of Alameda.

Mrs. Hellum Is Given Surprise 'Bon Voyage'

A surprise "Bon Voyage" party for County Librarian Mrs. Berthan Hellum was held last Friday night in Walnut Creek.

It was given by the presidents and past presidents of the Friends of the Library from throughout the county.

Mrs. Hellum is leaving on a six week tour of Europe and the Mediterranean tomorrow.

She was presented with a bouquet of red roses and a passport cover case. Included in the case was a small amount of currency for each country she will visit on her tour.

She was also given a "passport to food" which describes the foods of the different countries.

She was escorted into the dining room by the Suburban Knights, a barber shop quartet who serenaded her with "Let Me Call You Sweetheart."
